

## Action Plan in response to the PPO Report into the death of Mr Shaine Tester on 01 November 2022 at HMP Gartree

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare at Gartree should ensure that safety plans are written for all prisoners who have self-harmed.	Accepted	Offender Health Suicide and Self-Harm Procedures (SASH) to be embedded in team practice for mental health team and reception staff. Offender Health SASH Guidance was signed off at the Mental Health quality meeting on 1 <sup>st</sup> April 2022 and all staff are to be trained in the revised SASH guidance. SASH Training was facilitated with the healthcare team on 07/06/23 with further training sessions implemented.	Head of Healthcare (HMP Gartree) Mental Health Clinical Lead Notts Healthcare	Completed
2	The Head of Healthcare at Lewes should ensure that a formal clinical handover is arranged for all complex mental health prisoners before transfer to a new prison.	Accepted	A process has been implemented where the mental health team receive a list of transfers from the offender management team and therefore are able to identify those prisoners who have complex mental health needs and a handover can be facilitated. In addition to this the primary care nurses completing the digital patient escort record have an escalation process in place to alert the mental health team of any patient that may require a formal handover.
