1. The Prisons and Probation Ombudsman aims to make a significant contribution to safer, fairer custody and community supervision. One of the most important ways in which we work towards that aim is by carrying out independent investigations into deaths, due to any cause, of prisoners, young people in detention, residents of approved premises and detainees in immigration centres.
2. If my office is to best assist His Majesty's Prison and Probation Service (HMPPS) in ensuring the standard of care received by those within service remit is appropriate, our recommendations should be focused, evidenced and viable. This is especially the case if there is evidence of systemic failure.
3. Mr Yousefe El Brii died from epilepsy at HMP Woodhill on 4 July 2023. He was 29 years old. We offer our condolences to Mr El Brii's family and friends.
4. The PPO family liaison officer wrote to Mr El Brii's next of kin to explain the investigation and to ask if they had any matters they wanted us to consider. They expressed concerns about the care Mr El Brii had received following numerous seizures. This is addressed in the clinical review report.
5. NHS England commissioned an independent clinical reviewer to review Mr El Brii's clinical care at HMP Woodhill. He concluded that the clinical care Mr El Brii received at Woodhill was equivalent to that which he could have expected to receive in the community.
6. The PPO investigator investigated the non-clinical issues relating to Mr El Brii's care. We did not find any non-clinical issues of concern. We make no recommendations.
7. We shared our initial report with HMPPS. They found no factual inaccuracies.
8. We sent a copy of our initial report to Mr El Brii's next of kin. They provided the correct spelling of Mr El Brii's name, which has been amended in this report. They did not notify us of any other factual inaccuracies.

Inquest

The inquest, held on 20 to 24 January 2025, concluded that Mr El Brii died from natural causes. The Coroner provided the following narrative conclusion:

Yousefe El Brii died at HMP Woodhill, Milton Keynes on 4 July 2023 of natural causes, namely sudden unexpected death in epilepsy. It is probable that he suffered an unwitnessed epileptic seizure that morning whilst in his cell. By the time he was found, it was too late to revive him, despite concerted efforts to do so. Although there were some shortcomings in the health screening he received on arrival at HMP Woodhill, and in not seeing him face to face for an epilepsy review, on the balance of probabilities these did not more than minimally, trivially or negligibly contribute to his death.
