

Action Plan in response to the PPO Report into the death of Mr Christopher Keeling on 18 September 2022 at HMP Doncaster

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should ensure that the new measures in place are audited at frequent intervals to ensure that pain relief and end of life medications are sourced and dispensed in a timely manner.	Accepted	An audit tool has been developed for end of life care, which will check that compliance with access to end of life medication has occurred in a timely manner.	Head of Healthcare PPG	July 2024
2	The Head of Healthcare should ensure that when a specific diet is advocated, the healthcare team maintain contact with the kitchen to ensure appropriate food is available, which is varied and balanced.	Accepted	Part of the audit tool developed to track and monitor cancer care will include a check against dietary requirements and ensure that the submission of communication request to the kitchen occurs using the F35 medical diet request form.	Head of Healthcare PPG	July 2024
3	The Director and Head of Healthcare should review the process in place for preparing applications for early release on compassionate grounds to ensure	Accepted	The local operating procedure has been reviewed and the use of advanced care plan Ardens template used to track and monitor cancer care will be audited monthly, in order to check timely referral and follow up. ERCG will be applied for at	Head of Healthcare PPG	July 2024

	that the necessary evidence is obtained as quickly as possible.		the earliest opportunity in partnership with OMU and external agencies, on receipt of prognosis from a consultant. The Head of Offender Management Services will create a process map which highlights that a follow-up must take place 4 weeks into the ERCG process, to ensure timeliness of all relevant documentation before applying.	Head of Offender Management Unit Serco	July 2024
