1	The Governor should ensure that ACCT reviews are held whenever an event occurs that could mean a prisoner is at increased risk and improve the quality assurance process that confirms this learning has been embedded.	Accepted	<p>HMP Ranby now has a well embedded ACCT booking system which is crossed checked daily against the daily briefing sheet and NOMIS entries to ensure that ACCT reviews take place whenever an event occurs that could mean a prisoner is at increased risk. This process ensures that ACCT reviews are being completed appropriately and provides the opportunity for staff learning and ongoing ACCT quality improvement.</p> <p>Staff are reminded via staff briefings to consider opening an ACCT when an event occurs that could mean the prisoner is at increased risk, and to bring this information to the attention of the case co-ordinator if the prisoner is on an ACCT already so that a case review can be held.</p>	<p>Head of Safety HMPPS</p> <p>Head of Safety HMPPS</p>	<p>Completed</p> <p>Ongoing</p>

			<p>As part of the quality assurance process, three checks are now completed in separate parts to ensure the quality of the ACCT document:</p> <ul style="list-style-type: none">• Check A is completed on all new ACCTs opened.• Check B is completed by the unit manager for quality assurance purposes and to rectify any issues identified.• Check C is completed by the safer custody Senior Prison Custody Officer to identify and share areas of good practice and where improvement and learning is required.
