

Action Plan in response to the PPO Report into the death of

Mr Mohammed Eumda on 30 January 2023 at HMP Chelmsford

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Prison Group Director for Hertfordshire, Essex and Suffolk should write to the PPO with the result of their review into whether the measures introduced to improve ACCT management at HMP Chelmsford are leading to sustained improvement and if not, what further measures they are going to take towards improvement.	Accepted	A meeting took place in September 2023 to review the overall management of ACCT at the prison as well as to review the processes that have been put in place to ensure sustained improvement and to consider whether any further measures could / should be put in place to further support the prison.	Prison Group Director for Hertfordshire, Essex and Suffolk	November 2023
2	The Head of Healthcare should ensure that the mental health team act on referrals appropriately, ensuring that patients are seen independently by the mental health team to complete mental health assessments and risk assessments.	Accepted	<p>The Head of Healthcare agrees that the mental health team process is to complete a risk assessment and MH assessment, but if that cannot be completed as the prisoner needs to monitor a patient this should be recorded as needed.</p> <p>They fully accept that more visits should have been accommodated and that was where they were lacking in the mental health team in that perspective</p>	Head of Healthcare Castle Rock Group
