

## Action Plan in response to the PPO Report into the death of Daniel Rocks on 26 July 2023 at HMP Hull

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should ensure that all healthcare staff adhere to NICE Guidance [NG28] for patients presenting with raised blood glucose levels.	Accepted	A local pathway is in development at HMP Hull to ensure patients presenting with raised blood glucose levels are followed up. Any patients presenting with raised blood glucose are discussed in the daily handover and booked for further blood tests in the first instance.	Head of Healthcare Spectrum Community Health CIC	June 2024
