

Action Plan in response to the PPO Report into the death of

Mr William Evans on 13 March 2023 at HMP Ashfield

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should ensure that when healthcare staff undertake clinical assessments of acutely unwell patients, they complete a comprehensive assessment that includes obtaining a patient's past medical history to inform a safe and comprehensive ongoing clinical treatment plan.	Accepted	<p>Plan in place to ensure, if deemed safe to do so at the time, that patients are transferred via wheelchair to the Healthcare department. This will enable full access to the patients' medical notes, which will allow a safe ongoing clinical assessment and treatment plan.</p> <p>Staff within Healthcare have been put forward/commenced the PACR (Physical assessment and clinical reasoning) course, which will also allow them to undertake a more comprehensive clinical assessment.</p>	Head of Healthcare Oxleas NHS Foundation Trust	December 2023
