

## Action Plan in response to the PPO Report into the death of Mr Simon Ludlow on 25 November 2023 HMP The Mount

| Rec No | Recommendation                                                                                                                                                                                                       | Accepted / Not accepted | Response Action Taken / Planned                                                                                                                                                                                                                                                                                                                                            | Responsible Owner and Organisation       | Target Date |
|--------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------|-------------|
| 1      | The Governor should ensure that prisoners found intoxicated are formally referred to Forward Trust and offered support for substance misuse.                                                                         | Accepted                | All incidents of prisoners being found intoxicated are reported via the daily briefing sheet. It is agreed that Forward Trust will then meet all prisoners found under the influence and will offer support for substance misuse as necessary. Assurance of compliance with this process will be obtained during Drug Strategy meetings.                                   | Drug Strategy Lead HMPPS & Forward Trust | Completed   |
| 2      | The Head of Healthcare should ensure that healthcare staff review all prisoners discharged from hospital after a significant medical event or treatment, to assess their health needs and offer appropriate support. | Accepted                | All prisoners returning from Hospital after a significant medical event are seen in Healthcare when they return to the establishment prior to returning to their cell. A call is made to the prison communication room daily to see if any prisoners have returned to the establishment out of Healthcare hours. An appointment is made for the prisoner for that morning. | Head of Healthcare Practice Plus Group   | Completed   |
