

# Action Plan in response to the PPO Report into the death of

## Mr Lee Kenyon on 24 June 2023 following his release from HMP Altcourse

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should ensure that processes and systems are in place regarding release and discharge planning for all prisoners known to healthcare and who require ongoing healthcare input.	Accepted	<p>A review of the reception process has been undertaken specifically in relation to the discharge/release of prisoners. We now ensure there is a competent nurse allocated to the reception dept from 7am daily to ensure accessibility to HC is present.</p> <p>All release medications are given to prisoners by the nurse.</p> <p>All prisoners are screened prior to release using the national discharge screening template on system one.</p> <p>Healthcare staff prepare release appointments the night before and allocate them onto system one ready for the nurse the following day.</p> <p>We have also allocated the non-clinical substance misuse team (Phoenix Futures) to</p>	Head of Healthcare, Practice Plus Group	Completed

			<p>capture any prisoners that may require external appointments with drug treatment services.</p> <p>We have reviewed the Early Days in Custody (EDIC) Pathway and now have a senior nurse specifically allocated into that role for more robust monitoring and audits to be completed which includes ensuring all prisoners being released are seen.</p> <p>Meetings with Head of Safer Custody on site have taken place so a more integrated approach is achieved.</p>
