

Action Plan in response to the PPO Report into the death of Ms Ann-Marie Pyle on 30/09/2021 at HMP/YOI Drake Hall

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare at HMP Drake Hall should ensure that healthcare staff take appropriate action in response to abnormal readings for blood pressure and cholesterol, in line with the National Institute for Health and Care Excellence (NICE) guidelines.	Accepted	Staff education has taken place. NICE guidelines for blood pressure management have been circulated to all clinical staff through supervision and staff meetings. Visual guidelines were also sent to all staff and are now displayed in clinical areas. Home (In Room) BP monitoring has also been introduced for those assessed as suitable to aid diagnosis, this is equivalent to community practice.	Head of Healthcare Practice Plus Group	September 22
