

Action Plan in response to the PPO Report into the death of Mr Stephen Nuth on 24 September 2025 at HMP Pentonville

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should introduce a robust process to ensure that outcomes and actions from clinical meetings are completed.	Accepted	All meetings are minuted with action logs. These will be reviewed in the bimonthly Quality Assurance Meeting, which has regional oversight. Action logs will be dip tested in audit cycle	Head of Healthcare PPG	December 2026
2	The Head of Healthcare should ensure that all healthcare staff review medication and compliance as part of any mental health assessment.	Accepted	These form part of mental health assessments already, as mental health services are subcontracted, they will be asked in contract meeting to ensure there is an audit of this as part of their audit cycle. We also have an MDT compliance clinic for non-compliant patients.	Head of Healthcare PPG and NLFT	October 2026
3	The Head of Healthcare should undertake a review of GP task allocation to understand why GP tasks are not always completed and implement any necessary improvements to practice.	Accepted	The HOHC will seek support from a GP to audit the GP tasks, in the current absence of a Lead GP at Pentonville, this will be from another PPG prison in the region	Head of Healthcare PPG	October 2026
