

Action Plan in response to the PPO Report into the death of Mr Wayne Franks on 05 December 2022 at HMP Wakefield

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should ensure that personalised care plans with aims, planned interventions and monitoring, are in place for all patients with long-term health conditions.		<p>There is now a designated long term conditions(LTC's) nurse in post, who is responsible for attending all the relevant training. Arden's care plans are used, they are personalised and are sent to the patient as per their assessment. Care plans are audited regularly by the clinical lead to ensure they remain thorough. They contain:</p> <ul style="list-style-type: none"> • The diagnosed long term condition • Whether they are at target and what their target range is • Prescribed medications • Recent blood/urine results • Information regarding the specific long term condition • Advice • Agreed plan & goals. 	Development long term condition nurse and primary care clinical lead (Practice Plus Group Health and Rehabilitation Services Limited)	Ongoing

			<p>Care plans for LTCs should be updated when seen in clinic for any changes that have been made, including treatment.</p> <p>Each care plan is specific for the assessed patient and to their long term condition.</p>
