

Action Plan in response to the PPO Report into the death of Mr Peter Brook on 24 April 2024 at HMP Leeds

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should ensure patients with hypertension and/or tachycardia (fast heart rate) identified at the reception screen are followed up appropriately in line with NICE NG57 guidelines.	Accepted	Early days in custody lead has undertaken refresher training to all nursing staff that are based in reception in June 2024 as this was identified in our internal learning to ensure that all clinical observations are undertaken and recorded with appropriate follow up scheduled if required.	Head of Healthcare Practice Plus Group	Completed
