

## Action Plan in response to the PPO Report into the death of Mr Christopher Tatton on 28 February 2025 at HMP Rye Hill

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should undertake a training needs analysis regarding assessment of the acutely ill patient including the use of NEWS2 assessment, with the aim of identifying all healthcare staff who may need additional or refresher training.	Accepted	Refresher training has already been undertaken in house for all patient facing staff and external training is being sourced if this is available. This is regularly talked about in our Handover meetings and nurses are questioned around acutely unwell patients that are seen.	Head of Healthcare Practice Plus Group	December 2025
