

Action Plan in response to the PPO Report into the death of Mr Myles Filose on 07 April 2025 at HMP Winchester

Rec No	Recommendation	Accepted / Not accepted	M Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare at Winchester should ensure that when an individual exhibits impaired cognition, mental distress, confusion or unusual behaviour, a formal Mental Capacity Act assessment is completed and documented, with evidence of best-interest decision-making if capacity is lacking.		Mental capacity forms part of statutory mandatory training for all PPG staff. The Head of Healthcare will issue communication reminding staff of the importance of documenting capacity decisions, with particular attention on disengaging patients. Staff will receive training on the use of the PPG clinical template within SystmOne that supports this. This action will be added to the agenda of the Patient Safety incident Review Group.	Head of Healthcare, Practice Plus Group	April 2026
