Q11 To support our independent approach, we're thinking about how the Commission can have robust policies, procedures and processes in place ahead of starting to act on requests from the summer of 2024. How do you feel this can best be achieved?
(multiple response question)

Base = 218	Through the Commissioners being given the role of independent reviewers	By undertaking public road shows to explain our plans to the public	By asking for public input into proposals for how the Commission can work	By setting up independent groups made up of external specialists	By commissioning independent external reviews and reports into the proposals for the Commission	None of these
