

Action Plan – Stephen Keogh. HMP Manchester. NC. 24/04/2016

No	Recommendation	Accepted/Not Accepted	Response	Target date for completion and function responsible
1	The Governor should ensure that when a prisoner is diagnosed with a terminal illness with a short time left to live, the possibility of compassionate release is fully considered and documented.	Accepted	The HMP Manchester End of Life/Palliative Care checklist will be updated to include a prompt to remind Governors that the possibility of compassionate release should be fully considered and documented as part of this process. This has been agreed with the healthcare provider.	Healthcare Provider Safer Custody Department October 2016
