

Action Plan –Terence O'Reilly. HMP Leeds. NC.

No	Recommendation	Accepted/Not Accepted	Response	Target date for completion and function responsible
1	The Governor and Head of Healthcare should ensure that all staff undertaking risk assessments for prisoners taken to hospital understand the legal position on the use of restraints and that assessments fully take into account the health of a prisoner and are based on the actual risk the prisoner presents at the time	Accepted	<p>'Graham Judgement' considerations form part of the Security Escort Risk Assessment. This means that the health of the prisoner and all their risks including the actual risk posed at the time is taken account of in the assessment. A reminder of this requirement has been cascaded to Operational Managers who are responsible for authorising cuffing arrangements</p> <p>In addition Healthcare staff have been briefed by the Security Team to ensure that they understand the judgement and the link between this and the information required of them, such as mobility levels, to aid Operational Managers in their decision making</p>	<p>Completed</p> <p>Head of Security</p>
