1	The Head of Healthcare should ensure that clinicians obtain specialist advice before withdrawing diuretics from patients with severe heart failure and there is a daily review when diuretics are stopped.	Accepted	The Head of Healthcare will ensure that clinicians obtain specialist advice before withdrawing diuretics from patients with severe heart failure and there is a daily review when diuretics are stopped. As part of their yearly appraisals, GPs have been reminded to follow NICE guidance in the management of patients with heart failure and to seek specialist input with regards to medication management. This recommendation will be added to the Health Improvement Plan and reviewed at the bi-monthly meetings of the patient safety forum.	Completed  Head of Healthcare	
2	The Head of Healthcare should ensure that prisoners with terminal or serious life-limiting long-term conditions have a named GP to oversee their care.	Accepted	A register is maintained on the SystemOne patient electronic records of all patients identified with terminal or serious life-limiting long-term conditions. Continuity of GP provision will be ensured where possible for prisoners with terminal or serious life-limiting long term conditions. Patient reviews, chaired by the lead GP, will	Completed  Head of Healthcare	

			be held monthly, and the need for any further assessments will be raised with the Head of Healthcare.		
3	The Governor should ensure that prisoners with health conditions that affect their mobility have appropriate accommodation in the prison, which meets their needs.	Accepted	House Block 1 now has cells available on all three landings for vulnerable prisoners. Those identified with medical conditions that affect their mobility will be housed on the ground floor in order to meet their needs.	Completed Governor and House Block 1 Manager
