<p>The Head of Healthcare should ensure that clinicians manage and review prisoners with persistent coughs, weight loss and haemoptysis in line with NICE guidelines, including appropriate referral to specialists.</p>	<p>Accepted</p>	<p>All staff have been reminded of the need to ensure that prisoners with persistent coughs, weight loss and haemoptysis are managed in line with NICE guidance. Further instructions have been issued to the nursing team that where they raise concerns about patients to a GP through verbal communication only, the GP must provide follow up instruction, for example for the nurse to book a GP appointment or nurse review. Staff have been reminded that such detail must be clearly documented on SystemOne.</p> <p>A sample audit of 'two week wait' referral patients will be undertaken to ensure compliance.</p>	<p>Head of Healthcare Completed Oct 2017</p>
