

Action Plan- Leslie Eric Danton. HMP Elmley. NC. 27/11/2016

| No | Recommendation | Accepted/Not Accepted | Response | Target date for completion and function responsible |
|-----------|---|------------------------------|---|--|
| 1 | The Head of Healthcare should ensure that all staff understand the process of end of life care and are confident in implementing DNACPR agreements. | Accepted | <p>An End of Life policy is in place and was circulated to staff in June 2017. A palliative care lead nurse and lead GP have been appointed to oversee and direct care. We have additional partnership support from our NHS colleagues. The local palliative care lead nurses provide attendance at the prison monthly meetings and as required to review an individual patient and give guidance and support to staff on case management</p> <p>Weekly reviews of palliative care patients are carried by the multidisciplinary team and care plans and actions agreed are also monitored. Staff will be made aware of the policy and implications via clinical and managerial supervision which operates monthly.</p> | Completed Head of Health Care Services |
