1	The Governor should ensure that the local emergency protocol meets the requirements of PSI 03/2013, that the communications room calls an ambulance as soon as an emergency medical code is called, and that there is no unnecessary delay in paramedics reaching a prisoner in a medical emergency.	Accepted	The local emergency protocol was reviewed in February 2016 to ensure that it meets the requirements of PS1 03/2013 Medical Emergency Response Codes. A Governor's Order issued in February 2016 reminded all staff about the local emergency protocol and restated the requirements for the communications room to call an ambulance as soon as an emergency medical code is called and to ensure that there is no unnecessary delay in paramedics reaching a prisoner in a medical emergency.
