Date of Action Plan	02/05/2019

No	Recommendation	Accepted / Not accepted	Response	Target date for completion and function responsible	Progress (to be updated after 6 months)
1	The National Probation Service should ensure that it works closely with any secondary services working with the offender to share all relevant risk information and inform decision making.	Accepted	<p>Probation Instructions. PI 03/2018 & PI 15/2016 and Approved Premises (AP) Manual April 2013 already in place advising on information sharing with secondary services.</p> <p>AP Manual is currently under review and will ensure this is addressed and incorporated within the updated AP Instructions.</p> <p>Information Sharing Agreements should already be in place within Local Delivery Units and secondary services. Heads of Public Protection will review.</p>	<p>March 2020</p> <p>September 2019</p>	
2	The National Probation Service should review its strategy to reduce the supply and demand for PS in Approved Premises, including developing mechanisms to test for PS use.	Accepted	The National Probation Service Manual review will review the supply and demand strategy for approved premises building on the AP Safe Working Practice Document and in conjunction with the AP governance board substance misuse sub group which is reviewing the AP drug testing policy. As part of this review, mechanisms to test for PS use will be explored.	December 2019
