No	Recommendation	Accepted/Not Accepted	Response	Target date for completion and function responsible
1	The Head of Healthcare should ensure that all anticipatory medicine is promptly added to a prisoner's nursing chart so it can be administered.	Accepted	A process will be put in place by 1 August 2018 to ensure that a when a prisoner returns from hospital with a discharge summary with medication, this information is "tasked" via SystemOne to the GP on the same day. Outside of hours the Out of Hours GP will be contacted to prescribe the medication. This will be communicated to all healthcare staff via the healthcare monthly meeting on 13 July 2018. Minutes of this meeting are sent to all healthcare staff so all staff will be made aware of the change.	August 2018 Head of Healthcare
