

Action Plan – Mr Nigel Nolan, at HMP Stanford – Natural Cause on 01/07/2019

No	Recommendation	Accepted/ Not Accepted	Response	Target date for completion and function responsible
1	The Head of Healthcare at HMP Ford, HMP Lewes and HMP Stanford Hill should review the policies about chronic disease management and ensure that they adhere to NICE guidance.	Accepted	<p>HMP Ford healthcare has reviewed management of all long term conditions (in November 2019) and processes have been improved to ensure that these are managed in line with NICE Guidelines.</p> <p>HMP Lewes healthcare reviewed the management (in November 2019) of all long term conditions and processes have been improved to ensure that these are managed in line with NICE Guidelines.</p> <p>The Head of Healthcare at HMP Stanford Hill will review all policies about chronic disease management adhering to the NICE guidelines.</p>	<p>Complete Head of Healthcare</p> <p>Complete Healthcare</p> <p>February 2020 Head of Healthcare</p>
2	The Head of Healthcare at HMP Ford should review the policies on referrals of suspected cancer to secondary care and two-week wait referrals to ensure that they reference recommendations from NICE.	Accepted	Policies in place for 2WR referrals for suspected cancer in HMP Ford are in line with NICE guidelines and the local Clinical Commissioning Group procedures. Reflection and learning on this specific presentation and referral will be arranged between the Prison GP and the Care Group's Clinical Director within the Trust. In addition the Prison GP will arrange for peer reflection with a GP from a local practice (December 2019).	Complete Head of Healthcare
