

Action Plan – Mr William Treadwell at HMP Wakefield – Natural Cause on 04/07/2019

No	Recommendation	Accepted/Not Accepted	Response	Target date for completion and function responsible
1	The Head of Healthcare should ensure that falls assessments are completed on those known, or suspected, to be at risk of falls.	Accepted	This will be discussed at the quality assurance meeting taking place on 15/01/20. However there is a wider development taking place around social care pathways which will encompass such issues. In the interim this has been highlighted to staff in supervision sessions and through the dying well in custody pathways of the need to be regularly assessed during the patient's time in palliative care.
