

Action Plan – Mr Ernest Leslie Wright at HMP Wakefield – N/C on 04/09/2020

No	Recommendation	Accepted/ Not Accepted	Response	Target date for completion and function responsible
1	The Head of Healthcare should ensure that patients with palliative care needs are invited to multidisciplinary team meetings about their care.	Accepted	<p>We have a process in place where the patient’s wishes are expressed through their named nurse or GP. The Dying Well in Custody charter meetings (Multi-disciplinary patient centred meeting) are taking place via conference call due to COVID-19. This will continue for the foreseeable future. The outcome is then fed back to the patient by the Respiratory consultant, thus the patients thoughts and wishes are then built into the care plan.</p> <p>We will ensure we endeavour to ensure the patient is including in the MPCCC and where this is not possible we will document the reason for absence</p>	<p>Complete</p> <p>Head of Healthcare</p>
2	The Governor and Head of Healthcare should ensure that, when a prisoner is placed on an end of life pathway, staff consider starting an application for release on compassionate grounds.	Accepted	<p>Where a prisoner is placed on an ‘End of Life’ pathway the Healthcare Manager will inform the Prison Offender Manager (POM) and make a note to this effect on P-NOMIS. The Healthcare Manager will inform the POM if a prisoner who is already on an end of life pathway is likely to have less than three months left to live.</p> <p>The POM will complete section one and two of the application for ERCG found on Page 9 of Chapter 12 of PSO 6000. They should then pass the form to the Head of Healthcare who will arrange for Section four to be completed by a suitable medical practitioner. Once this is complete the form will be returned to the POM who will then complete Section 5 and the pass the form to the Governor for their decision. The POM will remain responsible for monitoring the progress of the application throughout.</p>	<p>Complete</p> <p>Healthcare & POM</p>
