1	The Governor should ensure that the key drug issues at Leicester are identified and that the prison's local drugs strategy is appropriately revised to address them.	Accepted	A full review of the drug strategy was carried out in December 2019 and specific actions are in place to reduce supply, harm and minimise risk. The drug strategy team continue to identify and disrupt the trends in drug supply and use within the prison, and the drug strategy is reviewed and updated to incorporate any changes. Some recent updates to the drug strategy include the introduction of Rapiscan technology for mail and since November 2020 an x-ray body scanner has been in use at the prison preventing over twenty internally secreted packages from entering the establishment.	Head of Drug Strategy Completed
2	The Governor should ensure that all prison staff working in the control room are fully briefed about emergency procedures and call for an ambulance as soon as a medical emergency code is radioed.	Accepted	<p>The local emergency response protocol was reviewed and updated in January 2021 in liaison with the healthcare manager. The protocol sets out the expectations on control room staff following a medical emergency code being called, including that they must request an ambulance immediately upon receipt of a code red or blue.</p> <p>All control room staff have been briefed on this requirement. An aide memoir was produced and shared with all staff and the local protocol was shared via a Notice To Staff (NTS) and an email to all staff.</p>	Head of Safer Custody Completed
3	The Head of Healthcare should ensure that the electronic medical records and all relevant hard copy medical records are made available to the PPO investigator as requested, in line with PSI 58/2010.	Accepted	In line with PSI 58/2010 medical records will be made available to the PPO investigator in future investigations. This has been discussed with the Head of Healthcare and the healthcare management team.	Head of Healthcare Completed
