

**Action Plan – Mr Richard Snary at HMP The Verne – Natural Cause on 07/10/2020**

<b>No</b>	<b>Recommendation</b>	<b>Accepted/ Not Accepted</b>	<b>Response</b>	<b>Target date for completion and function responsible</b>
1	The Head of Healthcare should ensure that care plans are created for all prisoners with significant medical conditions which should be reviewed and updated regularly.	Accepted	Care plan templates have been developed locally and are now available for all Long Term Conditions (LTCs) patients. Due to the significant volume of plans required for LTCs (n=495) in addition to advanced care planning and treatment escalation plans a new process was devised. Patients are being seen on or around their birthday for their long term condition which will then determine how often they will need to be reviewed. Care plans will be implemented at this appointment, around their personal needs and wishes. As COVID-19 has meant face to face appointments have been stopped on occasion and reduced during the pandemic, the implementation plan has been delayed for all patients.	December 2021  Head of Healthcare
