No	Recommendation	Accepted/Not Accepted	Response	Target date for completion and function responsible
1	The Governor and Head of Healthcare should ensure that there is an escalation process in place for those prisoners whose needs would be better met by a transfer to a prison with 24-hour healthcare	Accepted	The Head of Healthcare will ensure the prisoners that need a transfer to a 24hour inpatient healthcare are discussed at the safety intervention meeting, where the cases are escalated if and when there is a need or concern relating to the prisoners care. The Head of Function for Social Care at HMP Littlehey will organise a weekly Multi-Disciplinary Meeting (MDT) with the Head of Healthcare, Social Care, Safer Custody and Offender Management Unit to look at the risks and management of the prisoner. Once the MDT has decided if 24hour healthcare is appropriate a timeline will be decided for a transfer. The Head of Healthcare and Offender Management Unit will then take responsibility for a suitable location.	Complete Head of Healthcare & Offender Management Unit
