1	The Head of Healthcare should ensure that advanced care planning is offered to prisoners nearing end-of-life and that a ReSPECT form is completed as part of this process.	Accepted	<p>Advanced care planning is offered to prisoners nearing end-of-life. The prison are working with the multi-disciplinary team, to ensure that an appropriate advanced care planning document is available, within the clinical System, and that staff are trained in its completion.</p> <p>The Head of Healthcare has discussed adopting the ReSPECT form with Greater Manchester Mental Health NHS Foundation Trust (GMMH). Until such time this is adopted by GMMH, the Head of Healthcare will ensure that the nationwide used DNACPR “lilac” form is used as part of the process. Advanced decision making conversations will be supported with the MCA form. These forms are electronically accessible for staff via the GMMH website.</p>	<p>April 2021</p> <p>Head of Healthcare</p>
