

Action Plan – Mr Nicholas Cordery at HMP Littlehey – Natural Cause on 06/01/2021

No	Recommendation	Accepted/ Not Accepted	Response	Target date for completion and function responsible
1	The Governor should ensure that the use of restraints is properly documented and a senior manager should discuss the prisoner's management with hospital staff to ensure alternative options are explored when relevant, and record the outcome of that discussion.	Accepted	<p>All senior managers were briefed (in May 2021) to ensure that considerations are made and documented within the Risk assessment on the Bedwatch should a prisoner require a change of restraint level. A review of the risk assessment template has also been completed to examine if any changes need to be made to ensure it is clear for escorting staff where and how to record the application or otherwise of restraints without a senior manager being physically present. The template has been revised.</p> <p>Discussions with between Prison Management and Hospital staff routinely takes place at every management check and will be documented within the bedwatch book.</p>	<p>Complete</p> <p>Head of Security</p>
