

Action Plan – Mr Michael Daniel at HMP Doncaster – N/C on 09/12/2020

No	Recommendation	Accepted/ Not Accepted	Response	Target date for completion and function responsible
1	The Head of Healthcare and Prison GP services should ensure that the NG12- suspected cancer, recognition and referral guidance is adhered to when considering a 2 week wait referral.	Accepted	All 2 week wait referrals are closely monitored and appointments chased with Secondary care to avoid potential breaches. Patients who are awaiting 2 week wait appointment will be referred for discussion at the Multi Professional Complex case Clinic (MPCCC).	31/07/21 Head of Healthcare
2	The Head of Healthcare should ensure that healthcare staff complete a falls risk assessment promptly if a prisoner is known to be at risk of falls and ensure that the assessment is recorded on SystemOne and is accessible for all professionals.	Accepted	The Head of Healthcare has requested the Local Operating Policy for Falls Risk Assessment is reviewed and updated. All healthcare staff will be expected to attend on site awareness sessions. All patients identified at risk of falls must be assessed as a matter of urgency. All instances of Falls will be recorded on Datix (NHS reporting system), that is accessible by professionals.	31/08/21 Head of Healthcare
