

Action Plan in response to the PPO Report into the death of Mr Jason Brown on 07/12/2020 at HMP Lincoln

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should ensure that prisoners at high risk of complications from COVID-19 are given the opportunity to discuss their risks and this is documented in their medical records.	Accepted	<p>All prisoners identified as being vulnerable are offered and encouraged to be vaccinated and take precautions regarding PPE, hand washing and social distancing. Identified prisoners are written to and given the opportunity to discuss their concerns. All correctly documented on SystemOne.</p> <p>The Clinical Matron will monitor Team compliance and ensure all Healthcare staff are aware of the process. The Head of Healthcare will issue a Memorandum to Healthcare staff detailing the above.</p>	Clinical Matron Nottinghamshire Healthcare	December 2021
2	The Head of Healthcare should ensure that if a COVID-19 positive patient reports new or progressive symptoms, healthcare staff take and record clinical observations.	Accepted	<p>Patients with a positive COVID 19 diagnosis are welfare checked every day. A care plan is put in place and documented on SystemOne. The daily welfare check is initially via telephone triage; any patient reporting a change to existing symptoms or new symptoms are</p>	Clinical Matron Nottinghamshire Healthcare	December 2021
