1	The Manager of Meneghy House should ensure that all new residents are told about their reduced drug tolerance and increased risk of overdose on arrival at the AP. This must be documented during induction, by the offender manager and when discussed during key-working sessions.	Accepted	<p>This recommendation will be included at the initial or follow-up induction session and subsequent key-work session, although will be undertaken by the Approved Premises PSO delivering the induction/key-work session(s) not the Offender Manager. N-Delius notes will provide the evidence.</p> <p>Head of Approved Premises will also be sharing this recommendation to all AP Area Managers to be implemented alongside the national Reducing Self-Inflicted Harm & Deaths action plan</p>	1.10.19	1.4.20
