

Action Plan in response to the PPO Report into the death of Karim Abdulla on 17/04/2021 at HMP Littlehey

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should ensure that staff use the National Early Warning Score (NEWS) assessment tool and follow the recommended clinical escalation procedures.	Accepted	<p>We have reiterated the importance of using NEWS via an email sent to staff in June 2021. All staff completed online training about this in August 2021.</p> <p>Additionally, we have added it to the minutes of the daily handover to remind all staff to complete NEWS2.</p> <p>Staff have also started to attend falls training where the importance of NEWS2 is reinforced. We shall also be completing a monthly audit for the NEWS2 entries.</p>	Head of Healthcare	Complete
2	The Head of Healthcare should liaise with prison management and discuss the sharing of information	Accepted	A prisoner will need to isolate for 10 days post hospital admission of at least 24hrs. All prisoners are swabbed on transfer to HMP Littlehey. A	Head of Healthcare	Complete

	<p>between prison regimes and health care to ensure medical records reflect the input a patient receives following identification of the need to isolate.</p>		<p>second swab is conducted on the day if they arrive from an amber or red site. Anyone who is symptomatic are isolated and a swab is taken.</p> <p>The swab and results will be documented on the patient's medical record. The results will then be disseminated to the wider prison for appropriate action.</p>
