1	The Head of Healthcare should consider a programme of training for all healthcare staff to ensure that Advance Care Planning is offered to prisoners (Advance Care Planning involves making decisions about future care with health and social care professionals). This will help to ensure that prisoners are able to make an informed choice when it comes to making decisions about their future care. All staff are aware to direct appropriate patients to the Palliative Care Nurse and Consultant, directly employed at HMP Littlehey, who have highly specialist skills in discussing Advance Care Planning, both in terms of ceilings of care and personal wishes.
