1	The Head of Healthcare should review the falls policy and ensure that healthcare staff know the process and procedures for post falls to ensure appropriate timely interventions for those at risk of falling in line with NICE guidance.	Accepted	The Head of Healthcare has requested the Local Operating Policy for Falls Risk Assessment is reviewed and updated. All healthcare staff will be expected to attend on site awareness sessions. All prisoners identified at risk of falls must be assessed as a matter of urgency. All instances of Falls will be recorded on Datix.	August 2021 Primary Care /Occupational Therapist
2	The Head of Healthcare should review the provision of advance life planning and end of life care to ensure appropriate care plans and resources are in place and are delivered in a timely and responsive way, so that all prisoners who are at the end of life are treated with respect and dignity.	Accepted	The Head of Healthcare will ensure a collaborative review of the Dying Well In Custody Charter takes place. This will include a joint review by the Lead Nurse for End Of Life Care Doncaster, Bassetlaw Hospital, a Hospice representative , Primary Care Lead, Safer Custody Lead and HMP Doncaster GP.	August 2021 Primary Care Lead
3	The Head of Healthcare should review dementia care including training for healthcare staff to ensure robust holistic care is provided to prisoners with dementia and allow further appropriate end of life care planning when required.	Accepted	Dementia care will be reviewed, and links will be set up regionally and externally to explore this. This will then ensure the appropriate training is organised and provided to all healthcare staff to provide robust holistic care.	August 2021 Clinical Matron/ANP
