Action Plan in response to the PPO Report into the death of

Arthur Alldridge on 20/02/2021 at HMP the Verne

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should ensure that prisoners with low blood oxygen levels are given oxygen therapy where appropriate.	Accepted	The Head of Healthcare will ensure that refresher training is provided to the nurses to assist in identifying the appropriate action in relation to an abnormal NEWS2 score, in particular around low oxygen saturations. This will be audited as part of our PROTECT audit under 'tackle abnormalities' The audit is part of our annual audit cycle. Tackle abnormalities is usually conducted in May. COVID-19 age risk assessments will be completed to place the patient in the appropriate risk category. This will highlight the standard at which to monitor the patient. The Verne does not have the facility for 24 hour oxygen so transfer to hospital is required.	Head of Healthcare Head of Healthcare	31 December 2021 Complete
