

Action Plan in response to the PPO Report into the death of Mr George Naylor on 17/12/2021 at HMP Frankland

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should ensure that staff put appropriate care plans in place and that where necessary, care plans are continued when a prisoner is moved from the inpatient unit to a standard wing.	Accepted	<p>The Head of Health care will complete an audit of the use of care planning within patient's care and ensure all Health care Team are aware to commence care plans when clinically indicated.</p> <p>This will allow for appropriate and timely individualised care to be received by patients.</p> <p>Audits will be carried out an annual basis.</p> <p>Additionally a Lessons learnt notice will be shared with team.</p>	Head of Healthcare	November 2022
2	The Head of Healthcare should ensure that advice is sought from other services where a prisoner requires specialist care and that referrals are followed up.	Accepted	The Head of Healthcare will ensure that assurances are in place that when specialist advise is necessary for patient care that this is actioned and recorded.	Head of Healthcare	March 2023
3	The Head of Healthcare should ensure staff use validated	Accepted	The Head of Health care to ensure all staff are aware of the use of validated assessment tool for the risk of malnutrition and implement these when	Head of Healthcare	May 2022

	assessment tools to monitor prisoners at risk of malnutrition.		<p>clinically indicated. This shall allow for appropriate monitoring of patients who are at risk of malnutrition.</p> <p>Additionally, Lessons learnt bulletin to be shared with staff to reinforce the use of the assessment tool.</p>		
4	The Head of Healthcare should ensure that prison healthcare staff verify death where appropriate to minimise the use of emergency services.	Accepted	The Head of Healthcare will ensure that the verification of death in prison is understood by all members of the team within Frankland and that additional training for staff is requested to ensure suitable numbers of the team are competent and in date to complete this task.	Head of Healthcare	March 2023
