

Action Plan in response to the PPO Report into the death of Mr Adrian Hall on 29/12/2020 at HMP Nottingham

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Governor and Head of Healthcare should ensure that staff radio the relevant medical emergency code promptly and in line with PSI 03/2013.	Accepted	<p>All staff have been reissued with a Governor's notice to remind them about PSI 03/2013 and their responsibilities during a medical emergency to ensure there are no delays in calling an emergency ambulance. This has been done via a Governor's Order and Communication Bulletin.</p> <p>However we must not lose sight of the 'Human element' in this as no amount of training can ever replicate the emotions of finding a deceased person and this should not be overlooked</p>	Head of Safety Head of Healthcare	October 2021
