

Action Plan in response to the PPO Report into the death of

Mr Paul Lamb 27/05/2022 HMP Hull

| Rec No | Recommendation | Accepted / Not accepted | Response Action Taken / Planned | Responsible Owner and Organisation | Target Date |
|--------|--|-------------------------|--|--|---------------|
| 1 | The Head of Healthcare should ensure that there is a secondary care standard operating procedure in place which ensures effective information sharing of clinical information between the prison healthcare and local secondary care trusts, to ensure timely sharing of information to support with the continuity of care. | Accepted | Meeting to be set up with local Hospitals to discuss sharing of effective information both ways. Summary of medication is currently sent with all blue light patients to Hospital, Discharge summary from Hospital is received and added to patients' clinical notes on return from Hospital. | Head of Healthcare Spectrum | February 2023 |
| 2 | The Head of Healthcare should ensure that there is an Early Days in Custody standard operating procedure in place which includes the timely request of community GP records to ensure continuity of care. | Accepted | Early days in Custody Standard Operating (SOP) Procedure is to be developed. | Band 7 Primary Care Admin Manager Spectrum | March 2023 |

| | | | | | |
|---|--|----------|--|------------------------------|--------------------------------|
| 3 | The Head of Healthcare should ensure there is a Complex Case Management standard operating procedure in place in line with appropriate national guidance. | Accepted | Complex case meeting occurs every 2 weeks and a SOP is currently in development. Terms of Reference are available for meetings and a Complex case register is in place. | Head of Healthcare Spectrum | February 2023 |
| 4 | The Head of Healthcare should ensure that care plans are initiated and updated in appropriate timescales and are responsive to the clinical needs of the prisoner, in line with appropriate national guidance. | Accepted | Care plan training to commence in January 2023 for all new clinical staff. Long Term Conditions (LTC) nurse to ensure LTC patients have patient centred care plans. | Band 7 Primary Care Spectrum | January 2023 March 2023 |
| 5 | The Head of Healthcare should ensure that long-term conditions clinics are delivered in line with appropriate national guidance. | Accepted | The Advance Nurse Practitioner delivers weekly LTC clinics. Care and prescribing is in line with NICE guidance. LTC Nurse has been appointed and commences the role in March 2023. Complex long term conditions are seen by GP; further clinics to be developed by March 2023 | Head of Healthcare Spectrum | April 2023 |
