

Action Plan in response to the PPO Report into the death of Mr Felix Petersen 11/07/2022 HMP Berwyn

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should review systems for pre-treatment processes and the sending of medical samples to ensure they are fit for purpose and to prevent delays in patients accessing urgent treatment.	Accepted	<p>A change in process has been implemented in relation to samples being taken directly to the laboratory. This is through an increase in the portering service at HMP Berwyn; this ensures samples can be received by the laboratory on the same day as being taken, avoiding any delays in receipt.</p> <p>Introduction of named nurse for all men who are receiving on-going treatment or are on the complex caseload. This will ensure co-ordination of treatment requirements and communication with other services to ensure pre-treatment processes have been completed.</p>	Head of Healthcare	<p>01/02/2023</p> <p>01/04/2023</p>
