

Action Plan – Mr Raymond Lucy at HMP Forest Bank – COPD on 11/07/2019

No	Recommendation	Accepted/ Not Accepted	Response	Target date for completion and function responsible
1	The Head of Healthcare should ensure that staff use the National Early Warning Score (NEWS) assessment tool and follow the recommended clinical escalation procedures.	Accepted	The Head of Healthcare will ensure all staff are up to date with the NEWS2 training and this is audited as part of the National Quality Schedule submission criteria to NHSE (from July 2020). A NEWS2 framework and Local operating Procedure has now been implemented as part of the Quality Schedule with a new framework for its usage. A notice to staff will be issued in July 2020 regarding the usage of the NEWS2 tool in order to reinforce and standardise the approach to detecting and grading the severity of acute illness in Line with the Royal College of Physicians (RCP) guidance.	Complete Head of Healthcare
2	The Head of Healthcare should ensure that blood pressure monitoring and recording is undertaken in line with NHS recommendations.	Accepted	All Nursing staff will be refreshed in the management of Blood pressure monitoring in line with the NHS recommendations. This will be completed in the form of a refresher presentation and information sheet. Compliance will be recorded to demonstrate learning from this recommendation.	July 2020 Head of Healthcare
