

Action Plan in response to the PPO Report into the death of Mr George Shaw on 24 November 2022 at HMP/YOI Doncaster

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should ensure that the first-stage health screening assessment is completed within the required timescales as per NICE guidance NG57.	Accepted	<p>National Reception Local Operating Procedure (LOP) has been issued to all staff. Completed 2022</p> <p>All second screens are completed within the agreed national LOP for 2nd screening. To ensure compliance with the LOP, a daily report is completed which advises staff how many 2nd reception screens require completing.</p> <p>Any patient required for second screen are then added to the clinical ledger for completion of the second screen by an appropriate healthcare professional. Any refusals are recorded on the SystmOne national template as per the LOP guidance.</p>	Head of Healthcare/Business Manager/ Palliative Care Lead	Completed

2	The Head of Healthcare should ensure that there is a process in place for discussing and recording a prisoner's preferred place of death, which is implemented and audited regularly.	Accepted	<p>LOP for palliative patients indicates that all staff should use the Palliative Care SystemOne template to record the patient preferred place of death.</p> <p>An audit tool has been implemented (early 2023) as part of an overarching checklist to assure completion of this aspect of the palliative care SystemOne template has been recorded.</p>	Head of Healthcare/ Palliative Care Lead	Completed
