

Action Plan in response to the PPO Report into the death of

Mr JT Jackson on 24 December 2022 at Lightfoot House Approved Premises

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should ensure that full clinical observations, including a National Early Warning Score, are taken and recorded when assessing patients so that care can be escalated promptly, where necessary.	Accepted	Staff reminded of the importance of using the NEWS2 tool if they are concerned about a patient's condition. Use of NEWS2 is monitored via the PROTECT audit.	National Prison Safety Team HMPPS	Completed
2	The Head of Healthcare should ensure that medical discharge summaries for those released from prison reflect full details of their current healthcare needs.	Accepted	The discharge letter generated from S1 (medical records), in use at the time has been disabled. Work is ongoing within the region to create a discharge letter template that contains all relevant information, such as long-term conditions and relevant historical information,	National Prison Safety Team HMPPS	Completed
