

Action Plan in response to the PPO Report into the death of

Mr Osman Rageh on 10 December 2022 following release from HMP Maidstone

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare at HMP Wandsworth should ensure that prisoners are placed on a recall register when they are identified as being at high risk of developing a long-term health condition.	Accepted	The Primary care clinics team hold a case load of all patients who have been diagnosed with a long term condition and this includes patients who are under investigations to determine a long term condition diagnosis. The case load is held on the SystemOne medical records system. It is anticipated that the receiving prison would identify ongoing healthcare needs and to make appointments accordingly.	Head of Healthcare Oxleas NHS Foundation Trust	January 2024
2	The Head of Healthcare at HMP Wandsworth should review the Did Not Attend policy to ensure that prisoners with a high clinical risk are contacted to discuss their non-attendance and to set out the risks of not engaging with healthcare appointments.	Accepted	The Management of non-attendance at HMP Wandsworth policy provides clear instructions that responsible clinicians are to follow in the event that a patient fails to attend an appointment. This will be re circulated to all staff.	Head of Healthcare Oxleas NHS Foundation Trust	January 2024
3	The Head of Healthcare at HMP Maidstone should ensure that there is a release care planning process	Accepted	Improved communication with OMU, including weekly information on releases/transfers/deportation.	Head of Healthcare and Clinical Lead	January 2024

	<p>in place so that prisoners released at short notice receive appropriate discharge care.</p>		<p>Healthcare to work one month in advance of possible release/transfer/deportation dates.</p> <p>All trained staff upskilled to perform in the “discharge coordinator” role.</p> <p>Identified Band 4 nurse in post to coordinate prerelease appointments.</p>	<p>Oxleas NHS Foundation Trust</p>
