

Action Plan in response to the PPO Report into the death of

Mr Kenny Duggan on 18/12/2021 at HMP Nottingham

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Governor should ensure that staff review all relevant information when assessing a prisoner's risk of harm to himself, in line with PSI 07/2015.	Accepted	<p>HMP Nottingham is conducting a series of safer custody training events for staff, which will include the ACCT process. The training will cover the importance of checking all available information when assessing a prisoner's risk of harm to themselves.</p> <p>Also, since February 2022 the prison has introduced increased management attendance and oversight of wing briefings to ensure staff are focused on sharing information about prisoners at risk and those on open ACCTs. Information from the briefings is then discussed at the daily morning briefing chaired by the Governor.</p>	<p>Head of Safer Custody</p> <p>HMPPS</p>	December 2022
2	The Governor should ensure that a policy is in place to monitor vulnerable prisoners during their first night in	Accepted	The first night centre manager will review the local process to ensure that all new prisoners are appropriately supported throughout their first night in custody in line with PSI 07/2015	<p>First Night Centre Custodial Manger</p> <p>HMPPS</p>	August 2022

	custody and that the process is followed.		<p><i>Early Days in Custody.</i> HMP Nottingham's local policy will be revised to reflect this.</p> <p>In addition, all staff deployed to the first night centre will receive training covering welfare checks and monitoring during the first night of prison custody.</p>	<p>First Night Centre Custodial Manger & Head of Safety Custody.</p> <p>HMPPS</p>	
3	The Head of Healthcare should ensure that the standards of the first stage and second stage health assessments for newly detained prisoners are conducted within the timescales specified by NICE guidelines.	Accepted	All first stage and second stage assessments for newly arrived prisoners are now conducted within the timescales specified by the National Institute for Health Care Excellence (NICE) guidelines.	<p>Substance Misuse Services Team Leader</p> <p>Nottinghamshire Healthcare NHS Foundation Trust.</p>	Completed
