

**IN THE MATTER OF AN INQUIRY
UNDER THE INQUIRIES ACT 2005
THE NOTTINGHAM INQUIRY**

AUDIO AND VIDEO EVIDENCE

1. On 5 February 2026 I informed core participant that in relation to the Body Worn Video [NGPF0000107] capturing the execution of the s.135 Mental Health Act warrant and assault on PC Pritchard on 3 September 2021, I was minded to permit the relevant parts of the footage to be live streamed. Having regard to the content of the video, I invited submissions, stating agreement, or disagreement and reasons for opposing this option, to be provided by 4pm Wednesday 11 February.
2. I received no objections to this policy on behalf of core participants. Bhatt Murphy did however, request the Inquiry to inform Ashworth Hospital and VC's treatment team in order that they were aware of the content of the footage and the Inquiry proceedings in general. The Inquiry did so, and has disclosed correspondence with Ashworth Hospital on this issue.
3. There being no objection raised, the footage will be livestreamed.
