 2 (10.00 am)  
 3 **THE CHAIR:** Yes, Mr Blake.  
 4 **MR BLAKE:** Good morning, Chair. Can I please call Police  
 5 Sergeant Dean Reynolds.  
 6 **THE CHAIR:** Yes.  
 7 **PS DEAN REYNOLDS (sworn)**  
 8 **Questioned by MR BLAKE**  
 9 **MR BLAKE:** PS Reynolds, you should have in front of you  
 10 a witness statement dated 11 November 2025; is that  
 11 correct?  
 12 **A.** That's right.  
 13 **Q.** Thank you. That has a unique reference number of  
 14 WITN0035001. Can you please confirm that is true to the  
 15 best of your knowledge and belief?  
 16 **A.** It is.  
 17 **Q.** Thank you. You joined Nottingham Police in 2018; is  
 18 that right?  
 19 **A.** That's right.  
 20 **Q.** You were promoted to sergeant in 2023.  
 21 **A.** That's correct.  
 22 **Q.** On the evening of 12 June into 13 June you were working  
 23 the night shift.  
 24 **A.** That's right.  
 25 **Q.** In your witness statement you've said that around

1

1 **A.** I think it was due to the fact that my usual talkgroup  
 2 was so busy because of the incident in Ilkeston Road  
 3 that I switched over to 1199, as I felt like it was less  
 4 busy on that channel.  
 5 **Q.** Are you provided with any training in respect of when  
 6 it's appropriate or otherwise to switch talkgroups?  
 7 **A.** No, it's down to the individual officer. When we join  
 8 we're not provided with airwave training.  
 9 **Q.** Thank you. At the time that you were informed of the  
 10 incident, were you travelling alone?  
 11 **A.** Yes, I was single-crewed.  
 12 **Q.** Thank you. At paragraphs nine and ten of your witness  
 13 statement you've described the perpetrator "as a black  
 14 male ... medium build, wearing all black clothing  
 15 including a mask and a hoodie".  
 16 **A.** Yes.  
 17 **Q.** I'd like you to assist us with that. If we could bring  
 18 onto screen the incident report, it's at NGPF0007971.  
 19 If we look at page 2, please, we see at the bottom  
 20 of page 2, the description: "[The] Offender was a black  
 21 male, wearing all black with a black bag" at 4.05.  
 22 Can you assist us, the descriptions we've seen don't  
 23 include a mask, and in your witness statement there's  
 24 reference to a mask. Did somebody mention a mask?  
 25 **A.** I don't recall where that information came from, but

3

1 4.00 am you were alerted to the fact that there was an  
 2 incident that had been related to a stabbing.  
 3 **A.** That's correct.  
 4 **Q.** Can you help us: how were you alerted to that? Was it  
 5 over a talkgroup, or something else?  
 6 **A.** Yes, so Talkgroups 6 and 7 had been patched together due  
 7 of the time of the morning, so I usually worked  
 8 Talkgroup 6 and that was combined with 7 and the  
 9 incident came in on 7 over the Airwave radio.  
 10 **Q.** We've heard about Talkgroup 6 and Talkgroup 7 yesterday,  
 11 so Talkgroup 6 at that time was the general policing  
 12 area, was it?  
 13 **A.** Yes, it's the south of the county, covering St Ann's  
 14 Police Station, Riverside and West Bridgford.  
 15 **Q.** We've heard about another talkgroup, 1199; did you have  
 16 access to that?  
 17 **A.** Yes, so any officer can access what we call the OS  
 18 channel to speak to OS colleagues or if they need  
 19 assistance on that channel, we can go onto that.  
 20 **Q.** During the period that we're going to cover, did you  
 21 switch between channels or were you just on the  
 22 Talkgroup 6 and 7?  
 23 **A.** No, I went on to 1199. I can't remember exactly when  
 24 but I did switch over to that channel.  
 25 **Q.** How did you know when to switch or how to switch?

2

1 that's the description that I still remember today that  
 2 I would imagine that that's come over at some point on  
 3 an airwave radio somewhere, I don't know.  
 4 **Q.** So do you think it's likely that at some point somebody  
 5 did mention a mask?  
 6 **A.** Potentially, yes.  
 7 **Q.** Are you able to assist us, do you think that that was  
 8 the original description that was provided or  
 9 a description during the course of the evening?  
 10 **A.** It was a description during the evening. I think the  
 11 only -- the first description that I remember hearing  
 12 was a male in a hoodie. A black male in a hoodie.  
 13 **Q.** Can we please turn to page 3, we can see the second  
 14 entry there:  
 15 "Caller did not see [a] weapon properly - it was  
 16 a knife - caller cannot see how big the knife was."  
 17 Were you told earlier on about the presence of  
 18 a knife?  
 19 **A.** Yes.  
 20 **Q.** Do you think that was the first description that was  
 21 provided as well or later?  
 22 **A.** I don't recall.  
 23 **Q.** Thank you. I'm just going to play some audio. It's  
 24 NGPF0005090, and this is Talkgroup 7 at 4.06.

(Audio played)

4

1 Was that you we can hear on the radio.  
 2 A. Yes, Sierra Romeo 442 is my callsign.  
 3 Q. Thank you. Can you tell us what we just heard?  
 4 A. That was me offering my assistance to go and search for  
 5 the offender.  
 6 Q. You're informed that the offender at that stage is going  
 7 towards the city centre?  
 8 A. That's correct.  
 9 Q. Wearing a hoodie?  
 10 A. That's correct.  
 11 Q. Where were you at that time?  
 12 A. I was in Clifton, to the south of the city.  
 13 Q. Did you have sufficient information so far as you were  
 14 aware to perform a search?  
 15 A. I had a feeling that whilst I was travelling we would  
 16 continue to get information. The call had only just  
 17 come in, but regardless of what information I've got,  
 18 I would still offer my assistance.  
 19 Q. Where were you intending to search at that stage?  
 20 A. So I went directly to the scene and then started back  
 21 from there.  
 22 Q. At that point in time, were there many people on the  
 23 street?  
 24 A. No, it was -- Nottingham is a city that doesn't usually  
 25 sleep, but it was quite a quiet night that night.

5

1 Q. Then we see at 4.07, a couple of entries down, Force  
 2 Incident Sergeant, this is a report of a stabbing:  
 3 "Officers to attend and activate B[ody]W[orn]V[ideo]  
 4 Obtain an account from the victim Secure accounts from  
 5 witnesses Early  
 6 "CCTV enquiries to be conducted Search to be  
 7 conducted for any weapon Locate and secure scene if  
 8 necessary.  
 9 "Early obs for potential offenders considering cross  
 10 contamination".  
 11 Was that communicated to you?  
 12 A. I can't recall.  
 13 Q. Were you at this stage, so quite early on, aware that  
 14 there were two victims?  
 15 A. Again, I can't recall how many or in relation to too  
 16 much of the Ilkeston Road, I just remember it being  
 17 there were two people involved but I can't recall if  
 18 there were two victims.  
 19 Q. Thank you. I'm just going to play two more audio clips,  
 20 it's NGPF0005104, and then NGPF0005105.

*(Audio played)*

22 This is Talkgroup 7. It's around 4.12, 4.13. Can  
 23 we hear your voice on that?  
 24 A. Yes, that was me receiving the message from the Control  
 25 Room in relation to the description.

7

1 Q. How about the light? Was it already light or beginning  
 2 to become light at that stage?  
 3 A. I think at that stage it was still quite dark when it  
 4 first came in, but it wasn't long before the sun started  
 5 to rise, no.  
 6 Q. I'd like to play another audio, it's NGPF0004719.  
 7 *(Audio played)*  
 8 Now that's a similar time, that's around 4.06. That  
 9 is a message on Talkgroup 1199.  
 10 A. Yes.  
 11 Q. Is that a message that you heard at the time?  
 12 A. I can't recall.  
 13 Q. That, of course, is closer to the description that you  
 14 put in your witness statement.  
 15 A. *(Witness nodded)*.  
 16 Q. Are you aware of whether that early on, so around 4.06,  
 17 you would have been aware of that kind of a description?  
 18 A. I can't recall if I had 1199 on my car radio set. So  
 19 that would have allowed me to listen to both but  
 20 I wouldn't be able to say for certain.  
 21 Q. Thank you. Can we please go back, then, to NGPF0007971,  
 22 and if we could turn to page 3 please. At 4.07 we see  
 23 there "taser authorised".  
 24 Is that something that you became aware of?  
 25 A. I can't recall hearing "taser authorised".

6

1 Q. Thank you, and that was an updated description that was  
 2 provided to you.  
 3 A. That's correct.  
 4 Q. At that stage do you consider that you had sufficient  
 5 information to start carrying out a search of some sort?  
 6 A. I would think so, yes.  
 7 Q. Thank you. If we could then turn to NGPF0007943. This  
 8 is a list of officers who attended, and the various  
 9 times that they attended, and we can see, for example,  
 10 there are a number of officers who attend at 4.08 and  
 11 provide first aid. If we -- some further officers  
 12 attend 4.08, 4.12, carry out premises search.  
 13 If we could go over the page we can see, next to  
 14 your name, it says, "4.14". Is that the likely time  
 15 that you arrived at Ilkeston Road?  
 16 A. That's correct.  
 17 Q. By the look of this chart it appears that there's quite  
 18 a few officers already on the scene; is that right?  
 19 A. That's right.  
 20 Q. You've described in your witness statement helping to  
 21 secure the scene. Can you assist us with what that  
 22 involved?  
 23 A. So when I arrived there was just a sea of blue lights so  
 24 I couldn't get down to the bottom of Ilkeston Road. So  
 25 I parked quite a way back with another response vehicle,

8

1 which I believe was from the city centre. Got some tape  
 2 out of my vehicle, secured a cordon at the very furthest  
 3 I could to prevent anybody going down, and left the  
 4 scene in the hands of that officer, got in my car, and  
 5 then commenced an area search. It took me about  
 6 a minute and a half to do that.

7 **Q.** Had somebody asked you to take up that role of searching  
 8 the area?

9 **A.** No. No, I just offered my assistance in that first  
 10 message you heard.

11 **Q.** Did you have any discussion with any seniors at that  
 12 point in time?

13 **A.** No.

14 **Q.** Would you have expected somebody to have directed you?

15 **A.** In normal circumstances, I would have hoped that the  
 16 Control Room did some coordination in relation to the  
 17 dispatcher, but I knew that there was a lot going on at  
 18 the incident, so I would have expected that to come  
 19 later.

20 **Q.** Were you aware that Inspector Shaw was the bronze  
 21 commander on the ground?

22 **A.** Yes, he was my second line manager.

23 **Q.** Was he providing you with any assistance as to where to  
 24 search, for example?

25 **A.** I don't recall.

9

1 **Q.** Sorry, I didn't hear --

2 **A.** That was the first road that I drove down when I left  
 3 after putting the scene tape up.

4 **Q.** So you drove down Hopedale Close at, if we -- I think  
 5 you arrived at, say, 4.14?

6 **A.** Mm-hm.

7 **Q.** Took a couple of minutes to secure the scene, and you  
 8 drove down Hopedale Close at, say, 4.18 or something --

9 **A.** Around -- it would have been before that message was  
 10 passed. It was just where I secured the scene, the road  
 11 that led off of Ilkeston Road, I've worked that area for  
 12 a long time, I know there's lots of alleyways and  
 13 cut-throughs, so that was the first road that I took my  
 14 car down.

15 **Q.** That was at your own initiative?

16 **A.** Yeah.

17 **Q.** I'm going to take you now to a map of various areas that  
 18 you searched. That can be found at NGPF0008785, that's  
 19 page 2. If we could zoom into that map, please.

20 At the bottom left-hand corner, we can see there row  
 21 one, 4.18 and that's your location on Ilkeston Road; is  
 22 that right?

23 **A.** That's right.

24 **Q.** We can see there the scene of the incident, the red  
 25 star.

11

1 **Q.** You say you don't recall, but is it unlikely that he  
 2 did?

3 **A.** I wouldn't be able to say what he did or didn't do.  
 4 It's the job of the RPI to take that step back and  
 5 provide that guidance, but I don't know where or what  
 6 Inspector Shaw was doing.

7 **Q.** Do you have a view as to how the scene was being managed  
 8 at that stage, in respect of a search for a perpetrator?

9 **A.** In relation to the scene itself, I knew there was  
 10 a sergeant already on the scene, so I know that would  
 11 have been managed fine. In relation to the search,  
 12 again, I don't recall anybody specifically giving any  
 13 guidance of where to search. We just got the direction  
 14 towards the city centre.

15 **Q.** Then can we please play NGPF0004742 followed by  
 16 NGPF0004743.

17 *(Audio played)*

18 These are messages over Talkgroup 1199, they're at  
 19 4.19, 4.20.

20 **A.** Mm-hm.

21 **Q.** Were you aware of those communications?

22 **A.** I don't recall.

23 **Q.** Do you remember any reference to Hopedale Close?

24 **A.** I remember somebody saying Hopedale Close and that was  
 25 the first road I drove down.

10

1 **A.** Mm-hm.

2 **Q.** To the right of that box we see row 50. That's 4.21 --

3 **A.** Mm-hm.

4 **Q.** -- and that is considerably to the south of  
 5 Ilkeston Road?

6 **A.** That's correct.

7 **Q.** If we go to the right again, row 60, 4.22, again to the  
 8 south of Ilkeston Road. Can you recall at all carrying  
 9 out an initial search to the south, even if it means  
 10 that you went to Hopedale Close first?

11 **A.** So I think Hopedale Close is row 30. But I don't recall  
 12 why I've gone south. I would have just done a search to  
 13 the best of my knowledge in relation to the areas that  
 14 I think somebody could have gone.

15 **Q.** Again, is that just using your initiative?

16 **A.** That's right.

17 **Q.** Were you communicating with any other officers in  
 18 respect of their locations at all?

19 **A.** I don't believe so.

20 **Q.** No. We see at box 90, so the -- if we go to the  
 21 left-hand side towards the top, by 4.25, you had  
 22 travelled north. In fact, we see the green dots there.  
 23 VC, I appreciate that the map is quite zoomed out so you  
 24 weren't around the corner, but you were quite close at  
 25 that stage to where VC was?

12

1 A. That's correct.  
 2 Q. We can see there the green dot at, for example, 4.21 to  
 3 4.22. Can you assist us with why it was that you  
 4 considered it helpful to search around that area?  
 5 A. I don't recall my search pattern. Again, I've worked  
 6 that area a long time. People either linger in the area  
 7 of a crime scene or do their best to get away as quickly  
 8 as possible. So I think I started quite close and then  
 9 just broadened my search outwards.  
 10 Q. Thank you. Were you in the car all the time or do you  
 11 get out of the car at some stage?  
 12 A. I don't recall. I don't believe I got out of the  
 13 vehicle. The problem with specifically that area of  
 14 Radford, there are a lot of alleyways, hundreds of  
 15 alleyways. But there's also a lot of vehicle blockers,  
 16 so you can go halfway down a street, but you can't --  
 17 it's a bit like a maze around there.  
 18 Q. We see from your white dots you were travelling quite  
 19 a lot up the major roads, though, and we see there, for  
 20 example, quite a lot on Gregory Boulevard which is the  
 21 same direction of travel as VC?  
 22 A. Yes.  
 23 Q. Why did you choose those particular roads?  
 24 A. I don't recall.  
 25 Q. Were you receiving at this stage any updates from, for

13

1 those things that you would have seen at the time?  
 2 A. If I was made aware that there was an image, I would  
 3 have stopped my car.  
 4 Q. So would it be communicated over the radio, an image is  
 5 available, please check your --  
 6 A. That's correct.  
 7 Q. -- logs?  
 8 A. Yeah.  
 9 Q. Thank you. There wasn't any such communication?  
 10 A. I don't believe so.  
 11 Q. We've heard quite a lot about the Cathedral area and the  
 12 Derby Road area; did you at any point search there?  
 13 A. I didn't, but I heard that incident on the radio coming  
 14 via the Control Room.  
 15 Q. From your recollection, was there a lot of focus on that  
 16 particular area?  
 17 A. They sent units from a different talkgroup, so  
 18 Talkgroup 5, they sent units from the Beeston Station to  
 19 that incident, so I felt like there were sufficient  
 20 officers going there, so I just continued to search for  
 21 the offender for the stabbing.  
 22 Q. So you were aware that there were a number of officers  
 23 searching in that area --  
 24 A. Mm.  
 25 Q. -- and again, at your own initiative, you decided that

15

1 example, CCTV viewing room or anything like that as to  
 2 sightings?  
 3 A. I don't recall hearing that.  
 4 Q. Then we see at the very top row, 237, by 4.48 you're at  
 5 the top of the screen. Can you assist us with why you  
 6 may have been that far north by that stage?  
 7 A. I think that location is Radford Road police station,  
 8 just looking at the map. But I can't recall.  
 9 Q. I mean it says, "stopped moving, ignition ... [and]  
 10 engine off..." So is it likely that that's --  
 11 A. It could be that I've just popped into Radford Road very  
 12 quickly. I can't recall exactly.  
 13 Q. Then at some stage did you then return back to  
 14 Ilkeston Road after carrying out this search?  
 15 A. I don't think I ever go back to Ilkeston Road. Not  
 16 that I recall.  
 17 Q. If there had been available an image of VC taken from  
 18 CCTV, how would you have obtained that image?  
 19 A. I would have -- if, for instance, there was an image,  
 20 that would have usually been taken on an officer's  
 21 mobile phone, sent to the Control Room and then that  
 22 would be either attached to the SAFE log as an image or  
 23 sent via email to everybody that was attached to that  
 24 job.  
 25 Q. You're on your own driving around quite a lot. Are

14

1 it would be better for you to stay in the areas that we  
 2 see?  
 3 A. That's right.  
 4 Q. Thank you. That can come down, thank you very much.  
 5 I'm going to move on then to the van attacks. You  
 6 said at paragraph 17 of your witness statement that  
 7 approximately an hour and a half after your first  
 8 attendance at the scene you heard a commotion from the  
 9 Control Room.  
 10 **THE CHAIR:** It says, "communication" there. Rather than  
 11 "commotion" it says "communication".  
 12 **MR BLAKE:** Ah. Can you assist us with what you first heard  
 13 in respect of that?  
 14 A. From my best recollection, I heard the Control Room say  
 15 that "there's an incident in the city centre involving a  
 16 non-stop RTC".  
 17 Q. What did you understand by that?  
 18 A. That somebody had been run over by a vehicle and that it  
 19 had failed to stop at the scene of that collision.  
 20 Q. Can you assist us with what talkgroup you're likely to  
 21 have been using at that time?  
 22 A. I believe I was on Talkgroup 1199 at that time.  
 23 Q. We know that Wayne Birkett was hit at around 5.22.  
 24 A. *(Witness nodded)*.  
 25 Q. Was it that incident that you -- *(overspeaking)* --

16

- 1 A. Yes, that was the one.
- 2 Q. You went to Milton Street. Was that -- were you tasked  
3 to go there or was that again at your own initiative?
- 4 A. I knew that because of the officer that the intense  
5 resources that were at the Ilkeston Road incident, that  
6 there would unlikely be a massive availability across  
7 the city for that incident, so I offered, again, my  
8 assistance to go to that incident.
- 9 Q. How did you know where to go?
- 10 A. Again, I've worked the city centre and Radford for  
11 a number of years. I know the city and the south very  
12 well so I can navigate without a SatNav.
- 13 Q. At that stage were you aware of anybody coordinating  
14 where various vehicles should go?
- 15 A. I don't believe so.
- 16 Q. Were you aware of any ARVs, any armed vehicles, in that  
17 location around there?
- 18 A. They were obviously communicating on 1199 but I don't  
19 recall exactly what they were doing, but I do remember  
20 hearing them on the channel.
- 21 Q. Do you recall messages from -- sent after 999 calls,  
22 that the van, the first incident involving the van was  
23 deliberate or likely to be deliberate?
- 24 A. I don't believe hearing that -- I don't recall hearing  
25 that message on the radio.

17

- 1 made deliberate attempts not to pursue the vehicle.
- 2 Q. Is that something you did on this occasion?
- 3 A. No, my intention was to pull the vehicle over, but once  
4 he did fail to stop, the vehicle was stopped -- my  
5 vehicle was stopped.
- 6 Q. We've heard the message over from the Control Room, your  
7 message to the Control Room over the radio. I don't  
8 need to play that again today. Can you describe to the  
9 best of your recollections what you saw in respect of  
10 the actions of the van at that stage?
- 11 A. So the lights changed green for the van. He continued  
12 across, and my intention was to pull the vehicle over  
13 and to detain the driver for the first incident so that I  
14 could ascertain whether he was drunk, whether it was  
15 a complete accident, whether he hadn't noticed  
16 et cetera. I didn't -- I don't know that that was  
17 a deliberate attack. I don't recall ever hearing that  
18 message passed over the radio.
- 19 I followed the vehicle. As we passed the corner  
20 house, I put my sirens on for -- I can't remember the  
21 exact time but it was a very short amount of time, and  
22 that's the usual signal for the vehicle to pull over.  
23 My lights had been on continuously because I was  
24 still -- my initial intention was to respond to Milton  
25 Street so I didn't turn my lights off.

19

- 1 Q. Did you at that stage make any connection between that  
2 incident and the Ilkeston Road attacks?
- 3 A. None at all.
- 4 Q. Thank you. Can you talk us through where you were when  
5 you first saw the van and what you saw?
- 6 A. So I remember them passing a better description of the  
7 van, which was a white van with no signage, with a roof  
8 rack and a -- what appeared to be like a metal pole on  
9 top of it. I came down Milton Street towards the  
10 Theatre Royal. That junction is a bit of an odd  
11 junction. You can only turn left, which was my  
12 intention, but in the bus lane opposite me from left to  
13 right was a van matching that description. So I  
14 believed that was the van that was involved in the first  
15 incident.
- 16 Q. Thank you. You've said in your statement you're not  
17 pursuit trained; is that right?
- 18 A. That's correct.
- 19 Q. What kind of training are you given in respect of  
20 pursuing a vehicle, or perhaps not pursuing a vehicle?
- 21 A. If a vehicle fails to stop for you, best practice is to  
22 pull over, stop the engine so that the Artemis -- your  
23 tracking system recognises that the engine's been off,  
24 wait a couple of moments before you turn your engine  
25 back on so that the tracking picks that up, so you've

18

- 1 I attempted to pull that vehicle over. As we passed  
2 the corner house, my siren then went off. He turned  
3 right on to Upper Parliament Street, and my initial  
4 thought was he was going to pull down Market Street and  
5 stop because it would have been a safer place to do so  
6 because it was quite a big junction. He didn't. He  
7 mounted the pavement into a pedestrian area where there  
8 was a central refuge for pedestrians in between the  
9 traffic lights, and hit two people and carried on.
- 10 Q. So far as you were aware at the time, were there any  
11 other officers or vehicles in the local area or not?
- 12 A. I don't recall.
- 13 Q. Is that something you would have been aware of at the  
14 time?
- 15 A. Potentially. Again, I don't particularly remember  
16 a hell of a lot in relation to the actual radio messages  
17 and who was responding to that incident.
- 18 Q. I think you ultimately stopped your car on Upper  
19 Parliament Street and assisted with first aid; is that  
20 right?
- 21 A. That's correct.
- 22 Q. Thank you.
- 23 The final document I'd like to take you to is the  
24 IOPC investigation, and that can be found at  
25 IOPC0000004. The pursuit of the vehicle, or the

20

1 following of the van, was subject of an IOPC  
 2 investigation; is that right?  
 3 **A.** That's correct.  
 4 **Q.** And we can see, if we turn to page 19, a summary of  
 5 their findings, under "Summary of investigation", the  
 6 second paragraph says:  
 7 "The investigation concluded there was no indication  
 8 of any police officer may have behaved in a manner that  
 9 would justify the bringing of disciplinary proceedings  
 10 or committed a criminal offence."  
 11 Then in respect of learning, the IOPC didn't  
 12 consider that there was any learning to be found in  
 13 respect of their investigation.  
 14 **A.** That's correct.  
 15 **Q.** Thank you.  
 16 **MR BLAKE:** Thank you, Chair. Those are all of my questions.  
 17 I know that Ms Cartwright has a number of questions and  
 18 then followed by Mr Moloney.  
 19 **THE CHAIR:** Followed by?  
 20 **MR BLAKE:** Mr Moloney.  
 21 **THE CHAIR:** Yes, thank you.  
 22 Ms Cartwright?  
 23 **Questioned by MS CARTWRIGHT**  
 24 **MS CARTWRIGHT:** Good morning, PC. I ask questions on behalf  
 25 of the survivors, and that includes Sharon Miller, who

21

1 training for pursuits; is that correct?  
 2 **A.** That's correct.  
 3 **Q.** Right, so if we move into this document to page 26, we  
 4 can see the definition at paragraph 19:  
 5 "A police driver is deemed to be in pursuit  
 6 when: A driver... indicates by their actions or  
 7 continuance of their manner of driving that they have no  
 8 intention of stopping for police and the police driver  
 9 believes that the driver of the subject vehicle is aware  
 10 of the requirement to stop, and continues to follow it  
 11 with a view to reporting its progress or stopping it."  
 12 So I don't think there's any dispute about that;  
 13 would you agree?  
 14 **A.** That's correct.  
 15 **Q.** So essentially, if the driver of a car knows that you  
 16 are wanting him to stop and then effectively ignores  
 17 you, that then effectively is a pursuit and you  
 18 continue?  
 19 **A.** If I believe that the driver is aware of that  
 20 requirement to stop, then it becomes a pursuit.  
 21 **Q.** If we then just move forward, please, to page 13 at  
 22 paragraph 3.3, we can see there that -- thank you -- it  
 23 references there the pursuit course, and I think you've  
 24 confirmed you had not had that pursuit course. So the  
 25 SIPP course; is that correct?

23

1 is the survivor who was immediately in contact with VC's  
 2 vehicle when you were behind him.  
 3 **A.** Okay.  
 4 **Q.** So the first thing I want to very briefly deal with,  
 5 you've been asked about the search strategy when you  
 6 were involved with Ilkeston Road, and you've effectively  
 7 described you just going where you liked, looking where  
 8 you liked without any formal search strategy being  
 9 provided to you; is that correct?  
 10 **A.** I wouldn't say that it was going where I liked; I was  
 11 going to where I believed somebody may have gone towards  
 12 the city, but there is a vast amount of places that any  
 13 person could have gone.  
 14 **Q.** But just so we're clear, but no one gave you -- no one  
 15 commanded you or directed you which parts of a breakdown  
 16 of an area to search or look?  
 17 **A.** That's correct.  
 18 **Q.** Right, thank you. So I'm going to next move then,  
 19 please, to the policy which makes clear what a police  
 20 pursuit is. Can we please go to NGPF0005243, at  
 21 page 26, please.  
 22 Now I think you have already told us you were  
 23 a basic driver.  
 24 **A.** I was a standard driver.  
 25 **Q.** A standard driver, sorry. But you had not completed the

22

1 **A.** That's correct.  
 2 **Q.** So that it is absolutely clear, you were not able to  
 3 follow a vehicle that had not stopped when you had --  
 4 when they were aware of your presence?  
 5 **A.** That's correct. When I'd indicated them to stop, that's  
 6 right.  
 7 **Q.** Thank you. There is other APP guidance that essentially  
 8 repeats the same thing, but for the convenience of time  
 9 I won't go to those.  
 10 Now, what I want to deal with next, though, is the  
 11 call, because it's right that you -- you're captured  
 12 essentially 12 seconds before the collision speaking to  
 13 Control. So I want to play that footage, please, so  
 14 it's absolutely clear what's being said by you to  
 15 Control and Control back to you.  
 16 **THE CHAIR:** Is that audio or footage?  
 17 **MS CARTWRIGHT:** It's audio, but there will be footage and  
 18 I know, I will take a break before that. It's  
 19 NGPF0004792. Now, you've already told us essentially  
 20 you were making your way because you'd heard about  
 21 a white van that had driven deliberately over a member  
 22 of the public and you were heading to Milton Street.  
 23 **A.** That's incorrect. I was aware of a non-stop RTC, but  
 24 I didn't know that it was deliberate.  
 25 **Q.** Right, but you were heading to Milton Street, but

24

1 I think it's right you never got to Milton Street is  
 2 what we go on to see; is that correct?  
 3 **A.** That's correct.  
 4 **Q.** Right. So if it's possible to play the audio at  
 5 NGPF0004792, and I'm playing this because what I say it  
 6 shows is it's 12 seconds before the collision where you  
 7 made first contact with the Control Room?  
 8 **A.** Okay.  
 9 **Q.** Thank you.  
 10 *(Audio played)*  
 11 That can be stopped there. Thank you.  
 12 So it can be checked with others and if Mr Beggs  
 13 takes any issue with it being 12 seconds before the  
 14 collision, then he can *(unclear)* -- but certainly that's  
 15 what we say it shows.  
 16 **A.** Yes.  
 17 **Q.** I'm wondering now may be a convenient place to pause  
 18 because I will next be essentially going through the  
 19 footage and breaking it down with what we know from the  
 20 telematics and what's captured on the footage.  
 21 **THE CHAIR:** Yes, thank you. I think five minutes is what is  
 22 necessary, I'm hearing from Mr Blake, so I will rise for  
 23 five minutes so we can do that.  
 24 **MS CARTWRIGHT:** I'm very grateful, thank you.  
 25 **(10.37 am)**

25

1 telematics; is that correct?  
 2 **A.** That's correct.  
 3 **Q.** So perhaps we'll look at those together briefly but it's  
 4 right that certainly, when we're going to move to start  
 5 to work through the times together, the telematics had  
 6 shown that when we first see you on the screen, you  
 7 already had your blue lights on, on the vehicle?  
 8 **A.** On my vehicle, yes.  
 9 **Q.** Yes. Right. Perhaps then if we just move it along and  
 10 pause it when we get to the location, please, to  
 11 orientate ourselves.  
 12 *(Video played)*  
 13 Just pause there for a moment. So we can see there  
 14 you are at this stage on Burton Street; is that correct?  
 15 **A.** That's correct.  
 16 **Q.** That you have your blue lights flashing?  
 17 **A.** That's correct.  
 18 **Q.** Then we can see the VC and the white van, which is,  
 19 I think, the description of the van that you were aware  
 20 of, who is at that stage on south Sherwood Street?  
 21 **A.** That's correct.  
 22 **Q.** You have described in your statements to the IOPC that  
 23 VC directly looked at you and so was aware even at this  
 24 stage of your presence; would you agree?  
 25 **A.** That's correct.

27

1 *(A short break)*  
 2 **(10.45 am)**  
 3 **THE CHAIR:** Yes, Ms Cartwright?  
 4 **MS CARTWRIGHT:** Thank you. So, Officer, I'm just going to  
 5 play, first of all, footage that we have of the van  
 6 before you then are behind it, just to show an example  
 7 of VC's driving when he's in close proximity to  
 8 pedestrians. So if I can ask, please, that that footage  
 9 from counter time 3.04 is played so you can see.  
 10 You will see, PC Reynolds, that there are  
 11 pedestrians that have been blurred out on both sides of  
 12 the road. So we see VC proceeding along and passing  
 13 pedestrians with no issues.  
 14 I'm going to next ask, please, if the footage can be  
 15 moved forward to counter time 4.05. Thank you. If that  
 16 can be, once we get to there, just paused.  
 17 I think if we can identify first of all that you  
 18 have reviewed the footage because you reviewed it as  
 19 part of the post-incident procedure and provision of  
 20 statement to the IPC; is that correct?  
 21 **A.** I've only reviewed my dash cam.  
 22 **Q.** You've only reviewed your dash cam, not this?  
 23 **A.** That's correct.  
 24 **Q.** All right. But certainly in the statements you provided  
 25 to the IOPC you had provided timings through your

26

1 **Q.** Right. So then if we can move the footage on, so if we  
 2 look at the manoeuvre you now perform.  
 3 *(Video played)*  
 4 Again, the telematics pick up your movement of over  
 5 45 degrees. Carry on, please. Then if we could stop  
 6 there, please.  
 7 Would you agree that it would have been clear from  
 8 your description already that VC had seen you make that  
 9 manoeuvre, that he was aware of your presence by your  
 10 own manoeuvre as well as the blue lights at this point?  
 11 **A.** That's correct.  
 12 **Q.** Right. Now what I want to ask at that point is, because  
 13 we know at this point you have made no contact with  
 14 Control. Why did you not contact Control at this point?  
 15 **A.** Because I couldn't get in on the Airwave.  
 16 **Q.** Right.  
 17 **A.** Because only one person can speak at any time, so  
 18 whenever I press my button, if somebody is already  
 19 speaking, my radio will just bleep.  
 20 **Q.** So can I just be clear: were you at this stage on  
 21 Talkgroup 1199?  
 22 **A.** That's correct.  
 23 **Q.** All right, and it's your evidence -- well, let's be  
 24 clear: when did you first try to get in contact with the  
 25 Control Room?

28

1 A. It would have been around about the time I saw the van.  
 2 Q. Right.  
 3 A. I don't recall the exact timings but I would have tried  
 4 to pass a description of -- that I was with the van as  
 5 soon as I saw it.  
 6 Q. All right. So are you saying that it would have been  
 7 likely when you were on Burton Street?  
 8 A. That's correct.  
 9 Q. Just pausing there for a moment, because I'm going to  
 10 suggest even as early as this point it's clear from what  
 11 VC is doing that he's aware of your presence, your blue  
 12 lights are flashing, and he's not stopped.  
 13 So what I want to ask you, even as early as this  
 14 point, even when you've not made contact with Control,  
 15 why are you continuing behind VC?  
 16 A. Because I was going to attempt to pull him over.  
 17 Q. That's -- so -- but at this point would you not agree  
 18 that there's sufficient evidence that VC is ignoring you  
 19 and pursuing his --  
 20 A. No, I would disagree.  
 21 Q. All right. Now we are now at 5:29:09, we can see that  
 22 and we can see your blue lights also displayed in the  
 23 windows of Wagamama. But I just going to identify  
 24 what's next going to be shown. As we move on the next  
 25 few seconds, so 4:29:13, so in a few more seconds, in  
 29

1 to try to single-handedly stop this vehicle.  
 2 A. Absolutely.  
 3 Q. Right. So I'm going to move it on now. So 4:29:13, so  
 4 now sirens, and then we can move it on. They stop at  
 5 4:29:17. If we move on again, and pause.  
 6 So at this point you should now, as well as your  
 7 blue lights and the manoeuvre you have performed, you  
 8 have audibly placed your sirens on to try and get VC to  
 9 stop; would you agree?  
 10 A. That's correct.  
 11 Q. And he has not done so.  
 12 A. That's correct.  
 13 Q. So would you agree then that, in accordance with the  
 14 policy, at this stage it is a police pursuit if you  
 15 continue?  
 16 A. I would disagree.  
 17 Q. You would disagree, and why would you disagree?  
 18 A. Because in the policy it states that when I believe the  
 19 suspect is failing to stop that it becomes a pursuit,  
 20 and at this point I didn't believe he'd failed to stop.  
 21 Q. So despite his ignoring blue lights, your sirens, your  
 22 view is that he is -- you're saying that this is not  
 23 a pursuit at this point.  
 24 A. I would say that this is not a pursuit at this point.  
 25 Q. Because I'm going to suggest to you, Officer Reynolds,  
 31

1 four seconds, we know from the telematics that you used  
 2 your sirens; would you agree?  
 3 A. That's correct.  
 4 Q. So at 4:29:13 in a moment, I'm going to pause it again,  
 5 but you activated your sirens and you put your sirens on  
 6 for four seconds.  
 7 A. That's correct.  
 8 Q. Would it be clear that you're doing that because you're  
 9 essentially, as well as what you're doing, trying to  
 10 require VC to stop?  
 11 A. I'm attempting to perform a traffic stop under  
 12 section 163 of the Road Traffic Act, that's correct.  
 13 Q. Can I ask you again, in circumstances where you've not  
 14 made contact with Control, your own statements to the  
 15 IOPC supported that he had deliberately run over  
 16 someone, that you were aware of that, why you were  
 17 seeking, as a single-crewed officer, to stop VC without  
 18 first seeking the approval and authority of command and  
 19 control?  
 20 A. I don't need approval of command and control to pull a  
 21 vehicle over.  
 22 Q. Sorry you don't need?  
 23 A. The approval of command and control to pull a vehicle  
 24 over.  
 25 Q. So it was your judgement that it was appropriate for you  
 30

1 that this is the very point when you should have  
 2 stopped, and you should have made clear to Control what  
 3 the situation was before continuing with your pursuit of  
 4 VC.  
 5 A. I think it was at this point that I did make contact  
 6 with Control.  
 7 Q. Well, in terms of contact with Control, that in fact, if  
 8 you just use the timings, that comes one second later.  
 9 A. Okay.  
 10 Q. We have listened to that recording together a moment  
 11 ago.  
 12 A. Mm-hm.  
 13 Q. But you don't say over the radio at that point that you  
 14 have had your blue lights activated, that you have used  
 15 your sirens to try to cause the vehicle to stop and he's  
 16 ignored that; would you agree?  
 17 A. I would suggest that at the time of me doing so, there  
 18 was far more important information to tell Control than  
 19 that I'd activated my blue lights, ie, description,  
 20 registration of the vehicle, where it's going, so other  
 21 officers can assist.  
 22 Q. Because again, what I'm going to suggest to you,  
 23 Officer, is notwithstanding that this is a fast-moving  
 24 situation, that the very thing you should have been  
 25 telling Control at 4:29:18 is that you were going to be  
 32

1 attempting the stop and what had happened already  
 2 because you were not authorised to continue to pursue  
 3 VC, you say.  
 4 **A.** Well, I don't believe that it was a police pursuit.  
 5 **Q.** All right. Well let's continue to play the footage,  
 6 please.  
 7 *(Video played)*  
 8 This is now where we say you've made contact with  
 9 Control, so before you turn right on to Upper Parliament  
 10 Street.  
 11 *(Video played)*  
 12 That's when VC goes into collision with  
 13 Sharon Miller and Marcin, and it can be paused there.  
 14 Because, Officer, at this point you had no  
 15 knowledge, I think, that firearms officers were pursuing  
 16 to the scene, did you?  
 17 **A.** I don't recall that, no.  
 18 **Q.** That you were not trained in pursuing forced stops or  
 19 enforced stops of the vehicle?  
 20 **A.** That's correct.  
 21 **Q.** Would you agree that you -- it would have been --  
 22 certainly when you were down at Burton Street, that  
 23 would have been an ideal place, had there been firearms  
 24 officers who could do enforced stops, to have stopped VC  
 25 at that point?

33

1 information, has that been raised with them?  
 2 **MS CARTWRIGHT:** Well, Ma'am, perhaps we could just go to  
 3 page 59 -- sorry, paragraph 59.  
 4 **THE CHAIR:** I just want you to be aware of that and to keep  
 5 within those boundaries.  
 6 **MS CARTWRIGHT:** Well, perhaps I'll just deal with it purely  
 7 factually on paragraph 59 and it now arises with that  
 8 greater clarity we have from the talkgroups, Ma'am.  
 9 So if we can see at page 59, we can see this is  
 10 recorded:  
 11 "The available evidence suggests it was appropriate  
 12 for [you] [which was Officer J at the time] ... to  
 13 follow the white van after an instruction from Officer G  
 14 [who is the FIM, Officer Mather] in the Control Room who  
 15 told a Control Room dispatcher to 'keep that unit  
 16 following and reporting back the location'.  
 17 Now, in fact there's no evidence, and I'm not going  
 18 to take you to Officer Mather's statement, he's  
 19 certainly not referring to at any time involving your  
 20 input before the collision with Sharon Miller, that he  
 21 told you to keep following and to report back the  
 22 occasion. So I want to ask you about this. Had you  
 23 read the IOPC report before today?  
 24 **A.** I have.  
 25 **Q.** So when you saw that, did you think where have they got

35

1 **A.** If they were there at that point, then yes.  
 2 **Q.** Right. Because it's the clear recollection of  
 3 Sharon Miller that it was your actions and the pursuit  
 4 immediately after the audibility of the sirens that she  
 5 says spooked VC directly into being driven over. So  
 6 again, I'm going to suggest to you again, officer, that  
 7 you should have not continued to pursue VC after he  
 8 ignored your audible siren?  
 9 **A.** I would again say that I don't believe I was pursuing  
 10 VC.  
 11 **Q.** Now, I want to ask you, please, about the IOPC report.  
 12 It appears that it has used incorrect footage to arrive  
 13 at its conclusions and I wonder if you could help us,  
 14 please. First of all, could we go to IOPC0000004 at  
 15 page 15.  
 16 So IOPC0000004, thank you, and if we can move into  
 17 page 15.  
 18 **THE CHAIR:** Ms Cartwright, I'm just going to raise the  
 19 question of the Terms of Reference, which I'm sure  
 20 you're aware about, in relation to IOPC investigations.  
 21 **MS CARTWRIGHT:** But this directly goes to the information  
 22 that was provided, where --  
 23 **THE CHAIR:** I can see that you want to go through the  
 24 timeline, which of course I do need to go through, but  
 25 if you're suggesting that they were provided with wrong

34

1 that from?  
 2 **A.** They would have gathered that information from,  
 3 I imagine, everywhere, they have a very large scope. So  
 4 I don't know where that information has come from.  
 5 I wouldn't question it because I would expect that  
 6 information to be correct.  
 7 **Q.** Because, in fact, the footage that in fact was being  
 8 referenced by Officer G, Officer Mather, is completely  
 9 different footage from a different timescale that  
 10 relates to after the collision with Sharon Miller?  
 11 **THE CHAIR:** Well, isn't this something that this officer  
 12 can't deal with, if he hasn't seen it and it refers here  
 13 to something that another officer has told the Control  
 14 Room?  
 15 **MS CARTWRIGHT:** Well, I'll raise that with Officer Mather.  
 16 When you saw that in the IOPC report, did it not  
 17 strike you that on the footage we have listened to  
 18 together, the 12 seconds, at no point were you given  
 19 a direction from Control Room to keep following and  
 20 report back the location?  
 21 **A.** I don't recall that instruction.  
 22 **MS CARTWRIGHT:** Thank you. Those are my questions, thank  
 23 you.  
 24 **Questioned by MR MOLONEY**  
 25 **MR MOLONEY:** Good morning, Sergeant.

36

1 May I take you back to the start of your involvement  
2 of the events of the early hours of 13 June 2023.  
3 **A.** Sure.  
4 **Q.** Did you attend the scene at Ilkeston Road?  
5 **A.** That's correct.  
6 **Q.** There were a large a number of officers there, weren't  
7 there?  
8 **A.** That's correct, I just saw the blue lights. I didn't  
9 see people, but I could see a number of vehicles. Many,  
10 many vehicles.  
11 **Q.** A number of vehicles.  
12 **A.** Yeah.  
13 **Q.** Was it clear, though, to all those in attendance, that  
14 there had been a violent and brutal attack?  
15 **A.** So I didn't see any part of the crime scene. I was  
16 quite far back from that. So I -- but from what I heard  
17 on the radio, the radio message that I did hear, I would  
18 suggest so, yes.  
19 **Q.** You carried out a search so you were aware that the  
20 offender was still at large?  
21 **A.** That's correct.  
22 **Q.** Did you involve yourself in any scene preservation?  
23 **A.** So I put up some scene tape as soon as I arrived at  
24 Ilkeston Road, correct.  
25 **Q.** Had someone asked you to effect that scene preservation

37

1 **Q.** Yes, and it's an area you'd worked in for a long time.  
2 **A.** That's right.  
3 **Q.** Yeah, and there are little alleyways and passageways  
4 there, aren't there?  
5 **A.** That's correct.  
6 **Q.** Because it's essentially an estate with lots of  
7 alleyways through it, and so on, isn't it?  
8 **A.** It all leads to each other. There's many alleyways that  
9 linked roads and roads that cars can't go down,  
10 et cetera.  
11 **Q.** At the time that you were doing that, and you'd probably  
12 have said it if you had done it, so please forgive me  
13 for this question, Sergeant, but were you liaising with  
14 the Force Control Room to say which alleyways and  
15 passageways you were searching?  
16 **A.** No, I wasn't. The radio was very busy so I was awaiting  
17 direction from anybody on the radio.  
18 **Q.** So in those circumstances, there'd be nothing to add to  
19 the log from you, no shout over the radio or anything of  
20 that nature about where was being searched.  
21 **A.** Other than my attendance at the scene, no.  
22 **Q.** Yeah, absolutely, and you were in your car.  
23 **A.** That's correct.  
24 **Q.** Yeah, and there's a very, very dangerous man on the  
25 loose. You weren't getting out of your car on your own,

39

1 or did you do it of your own initiative?  
2 **A.** That was just my own initiative.  
3 **Q.** You then commenced a search for the offender. Was that  
4 at somebody's direction, or again was that of your own  
5 initiative?  
6 **A.** That's just my own initiative.  
7 **Q.** So you directed yourself to search for the offender,  
8 essentially.  
9 **A.** That's correct.  
10 **Q.** Were you aware of any coordinated search for this man?  
11 **A.** I wasn't aware of any, no.  
12 **Q.** No. Was there any discussion at the scene before you  
13 commenced your search as to -- because you've said you  
14 weren't directed to do it, but did you discuss with  
15 anybody which area you should cover with this search or  
16 for how long you should search, for example, or did you  
17 just think: right, I've got to get this man, I'm going  
18 to get on with it?  
19 **A.** Yeah, I left the scene in the hands of an officer from  
20 the city centre, got back in my car, and just commenced  
21 the search.  
22 **Q.** Right, and you've -- can I just briefly deal with the  
23 circumstances of your search. You knew the area around  
24 Hopedale.  
25 **A.** That's right.

38

1 were you or --  
2 **A.** If I found the offender, I would have --  
3 **Q.** Yeah.  
4 **A.** -- because that's my job.  
5 **Q.** Absolutely. But you were single-crewed at the time.  
6 **A.** That's correct.  
7 **Q.** You weren't able to check down -- in your car, you  
8 weren't able to check down in the alleyways or in the  
9 houses or gardens or anything like that.  
10 **A.** No, that's correct.  
11 **MR MOLONEY:** Thank you very much, Sergeant.  
12 **THE CHAIR:** Mr Beggs.  
13 **Questioned by MR BEGGS**  
14 **MR BEGGS:** Sergeant, a number of times in response to  
15 Mr Moloney you described using your initiative.  
16 **A.** That's correct.  
17 **Q.** Is that a core duty of police officers, to use their  
18 initiative?  
19 **A.** It's police instinct. Once you join the job, that's  
20 what you joined to do.  
21 **Q.** As you arrived at this horrific scene at about 4.14,  
22 I think you said --  
23 **A.** That's correct.  
24 **Q.** -- was it obvious to you that you had to use your  
25 initiative?

40

1 A. With the amount of resources there, there was -- I would  
2 imagine not that many left immediately available to  
3 commence a search.

4 Q. What personal protective equipment did you possess in  
5 your vehicle?

6 A. I have my ASP baton, my PAVA spray and my handcuffs and  
7 myself.

8 Q. So no taser?

9 A. No, that's correct.

10 Q. So had you come upon VC during your self-initiated  
11 searches, would you have tackled him yourself?

12 A. I would have done my best to, yeah.

13 Q. When you placed an additional police tape at the scene,  
14 as you described, was that simply to maximise the  
15 prospects of scene preservation?

16 A. Yeah, to preserve evidence and keep the public away from  
17 the initial attending officers.

18 Q. Had you seen that other officers had already put some  
19 tape up and you were adding to that?

20 A. No, I -- there was a car blocking the road but that  
21 officer was committed elsewhere. So I made sure that no  
22 foot traffic could then continue further down the road.

23 Q. Yes. Because even though you had, I think, five-years'  
24 service, you well understood that contamination of what  
25 we tragically know to be a double murder scene is

41

1 A. So I only use my sirens, especially because it's  
2 a residential area, in big junctions or places that  
3 I would need to.

4 Q. So when it becomes more risky, you might put your siren  
5 on?

6 A. That's right.

7 Q. But for a very short period?

8 A. That's correct.

9 Q. As you were travelling, you noticed that the --  
10 eventually noticed that the driver of the white van  
11 broadly matched the description being put across the  
12 airwaves?

13 A. That's correct.

14 Q. But at that stage you would have no notion that that  
15 driver had been at Ilkeston Road?

16 A. None at all.

17 Q. You were shown some footage by Ms Cartwright of the  
18 white van driving quite slowly?

19 A. That's right.

20 Q. But of course, we now know that was after he had  
21 brutally run over Wayne Birkett?

22 A. That's right.

23 Q. But you didn't know that detail about the running down,  
24 did you?

25 A. No, I didn't know that it was deliberate.

43

1 *verboden*, it mustn't happen?

2 A. It's essential that we preserve that.

3 Q. And you understood that.

4 A. Absolutely.

5 Q. When you were conducting your self-initiated search, you  
6 were able to use your many years' experience of that  
7 area?

8 A. Yes, that's correct.

9 Q. Doing your best to look up alleyways and so forth?

10 A. That's right.

11 Q. Now, turning to the second part of your evidence and  
12 that is your dealings with the white van.

13 A. That's right.

14 Q. When you heard the message about the collision, you went  
15 towards Milton Street with your blue lights on?

16 A. That's correct.

17 Q. It may be obvious but you haven't yet said, why did you  
18 turn the blue lights on?

19 A. To make progress. To make sure that the public were  
20 aware I was travelling.

21 Q. So it was to make progress and presumably also there's  
22 a safety element?

23 A. That's right.

24 Q. But you didn't need your sirens because of the time of  
25 day and because of what's in front of you?

42

1 Q. And you using, I'm going to suggest, your common sense  
2 and initiative, put yourself behind the white van?

3 A. That's right.

4 Q. Did you consider that to be your obvious duty?

5 A. Yes, apprehend the offender.

6 Q. Because both the van and the driver matched the  
7 descriptions that you were getting across the airwaves?

8 A. That's correct.

9 Q. Was there anything at that stage to indicate that this  
10 driver wasn't going to stop when you so directed?

11 A. No. So when I activated my sirens, from the footage you  
12 can see the brake lights were activated on that van, and  
13 it wouldn't have been a necessarily safe place for him  
14 to stop. So at that point there was no indication that  
15 he was going to fail to stop.

16 Q. Indeed, is this your experience: that members of the  
17 public, when they see the blue light and the siren, will  
18 often drive a little bit further to get somewhere safer?

19 A. That's correct.

20 Q. Was there anything about either what you knew or what  
21 you could see that caused you to contemplate the  
22 horrific thing that VC in fact went on to do?

23 A. Nothing at all.

24 Q. As the IOPC correctly observed, you have a power under  
25 statute to stop any vehicle without reason.

44

1 A. That's right.  
 2 Q. That's one of your duties as a uniformed officer.  
 3 A. That's correct.  
 4 Q. You had every reason to believe that this white van and  
 5 its driver may have committed a road traffic offence --  
 6 A. That's right.  
 7 Q. -- at the very least --  
 8 A. Yes.  
 9 Q. -- and of course, theoretically and very possibly more.  
 10 A. That's right.  
 11 Q. So when you activated your siren, what did you expect,  
 12 based on your, by then, five years' experience?  
 13 A. I would have expected him to find a safe place to stop  
 14 and pull to the left.  
 15 Q. In your experience is that what most members of the  
 16 public do when they see blues and twos?  
 17 A. That's right.  
 18 Q. We can hear from the tone of your voice on your  
 19 commentary that in fact, VC did something terrible.  
 20 A. Yes, that's correct.  
 21 Q. Upon which you immediately ceased any kind of follow.  
 22 A. Stopped my vehicle.  
 23 Q. Your priorities then were first to communicate to  
 24 Control what had happened --  
 25 A. That's right.

45

1 MR BEGGS: But maybe in the light of some questioning.  
 2 Thank you very much.  
 3 Questioned by THE CHAIR  
 4 THE CHAIR: Thank you.  
 5 Yes, Officer, if I can just take you back to the  
 6 search that you did. You said you weren't directed at  
 7 all, but you knew the area.  
 8 A. That's correct.  
 9 THE CHAIR: There were lots of alleyways and blocked-off  
 10 streets.  
 11 A. That's correct.  
 12 THE CHAIR: Had you -- we know that there was a drone  
 13 operator there at some stage. Had you ever done any  
 14 searches or been involved in anything which had involved  
 15 a drone?  
 16 A. Yes, I have.  
 17 THE CHAIR: From your experience of that area, would that  
 18 have been a useful way of looking?  
 19 A. It could have. It does take a little while to set up.  
 20 At that time, they didn't have a dedicated vehicle which  
 21 they do now. So it takes them about ten minutes to get  
 22 air clearance, et cetera, set the drone up. So it's not  
 23 immediate, but anything would have helped the search.  
 24 THE CHAIR: Generally speaking, I think you were asked about  
 25 whether you were directed in any way or whether you were

47

1 Q. -- and second, to render first aid.  
 2 A. That's correct.  
 3 Q. And you did render first aid to both individuals.  
 4 A. There was a female with -- the female on the floor so  
 5 I went to the male as he started to appear that he may  
 6 go unconscious, so ...  
 7 Q. Forgive me, when you realised that a kind member of the  
 8 public had intervened --  
 9 A. That's right.  
 10 Q. -- that enabled you to focus on the gentleman.  
 11 A. That's correct.  
 12 Q. If, and we may never know, if it is the case that you,  
 13 to use Sharon's word, "spooked" VC, was that your  
 14 intention?  
 15 A. Never.  
 16 Q. Was it anywhere in your contemplation, as you discharged  
 17 your duties that morning?  
 18 A. I never thought he would have done such a thing.  
 19 Q. If, to use the other counterfactual, VC was hell bent on  
 20 attempting to kill others and was going to do that,  
 21 whoever was behind him, how might it have looked if the  
 22 police do not try to pull him over or follow him?  
 23 A. Well --  
 24 THE CHAIR: That's speculation, it's not for this Officer,  
 25 is it?

46

1 just left to your own devices, as it were, to carry out  
 2 the search. Would you have expected to have been  
 3 directed?  
 4 A. Initially, because of how busy it was, no, but at some  
 5 stage I would have expected it, yes.  
 6 THE CHAIR: You said it was very busy. Obviously the  
 7 airwaves were very busy and we've heard how it was  
 8 divided up into six talkgroups plus this extra 1199  
 9 group. Did you find that you felt that you were getting  
 10 the right information, or being on talkgroups you were  
 11 on, or were you aware of it being too busy to get any  
 12 information?  
 13 A. So because of how busy Talkgroups 6 and 7 were on the  
 14 patch channel, I pretty much gave up with that channel  
 15 and moved onto 1199 because I knew that pertinent  
 16 information for this incident would be passed to the  
 17 firearms officers that were conducting anything, any  
 18 sort of operation that they would (*unclear*). So I would  
 19 have got then the same information from the messages.  
 20 THE CHAIR: But what I understood you to say was that if  
 21 somebody else is effectively pressing the button to get  
 22 onto 1199, nobody else can do that.  
 23 A. On any channel --  
 24 THE CHAIR: On any channel.  
 25 Q. -- once you press your radio, nobody can speak and the

48

1 operator can also cut you off. So they have the power  
 2 to cut an officer off with their pedal and speak over  
 3 them. But we don't have that power. The only way that  
 4 you can cut someone off is using your panic button,  
 5 which blocks the airwave for you for a period of  
 6 seconds.

7 **THE CHAIR:** Thank you.

8 Just one final thing and I'm sure we can check this,  
 9 but do you remember whether it was light when you were  
 10 carrying out your searches --

11 **A.** When initially attended --

12 **THE CHAIR:** -- on 13 June, early morning?

13 **A.** Yeah, so I think at about 4.14, it was still quite dark,  
 14 but I think by the time I'd started this, the sun had  
 15 started to rise and by the time the second incident  
 16 occurred, it was daylight.

17 **THE CHAIR:** But when you were driving around the area of  
 18 Ilkeston Road, do you remember whether it was light or  
 19 dark?

20 **A.** I think the streetlights were on for a period of time,  
 21 but then they went off once the sensors stopped.

22 **THE CHAIR:** Thank you.

23 **THE WITNESS:** Thank you, Ma'am.

24 **THE CHAIR:** Well, that finishes your evidence and I think  
 25 we'll take a break now until 11.40 am, thank you.

49

1 You were, on the night of the 12th and into the  
 2 morning of 13th June, the Force Incident Manager; is  
 3 that right?

4 **A.** That's right.

5 **Q.** You were based in the Control Room --

6 **A.** Correct.

7 **Q.** -- and effectively the most senior officer on duty after  
 8 5~pm.

9 **A.** Yes, correct.

10 **Q.** In the role of Force Incident Manager you are  
 11 responsible for real-time management of incidents across  
 12 the Force area; is that right?

13 **A.** Yeah.

14 **Q.** Part of that involves strategic oversight and tactical  
 15 coordination.

16 **A.** Yes.

17 **Q.** Part of that role also ensures that complex incidents,  
 18 such as the present, are managed effectively.

19 **A.** Yes.

20 **Q.** In addition to the role of Force Incident Manager you  
 21 were also the Tactical Firearms Commander on that  
 22 evening; is that correct?

23 **A.** Correct.

24 **Q.** Is it usual or unusual to hold both of those positions  
 25 at the same time?

51

1 (11.16 am)

2 (A short break)

3 (11.40 am)

4 **MR BLAKE:** Thank you, Chair. Can I please call Chief  
 5 Inspector Mather.

6 **CHIEF INSPECTOR DAVID MATHER (affirmed)**

7 **Questioned by MR BLAKE**

8 **MR BLAKE:** Thank you, Chief Inspector. You should have in  
 9 front of you a witness statement dated 4 December 2025;  
 10 is that correct?

11 **A.** That is correct.

12 **Q.** Is has a URN of WITN0034001. Can you confirm that that  
 13 statement is true to the best of your knowledge and  
 14 belief?

15 **A.** It is.

16 **Q.** Thank you. You joined Nottingham Police in 2009; is  
 17 that right?

18 **A.** Correct.

19 **Q.** You were promoted to sergeant in 2015, and ultimately  
 20 inspector in 2019; is that right?

21 **A.** Correct.

22 **Q.** Thank you. Is that your statement in front of you?

23 **A.** It is.

24 **Q.** There's no need to have it to hand. I can take you to  
 25 it if you need to.

50

1 **A.** Sorry, I should probably clarify. Ordinarily, the FIM  
 2 will be an initial Tactical Firearms Commander, and that  
 3 would be the case, I would suggest, across most of the  
 4 police forces in the country.

5 **Q.** So it's usual to hold both of those roles --

6 **A.** Yes.

7 **Q.** -- at the same time.

8 **A.** Correct.

9 **Q.** Thank you. The Strategic Firearms Commander was  
 10 Assistant Chief Constable Rob Griffin on that evening;  
 11 is that correct?

12 **A.** That is correct.

13 **Q.** He wasn't initially involved; he was, I think, called at  
 14 around 5.01 in the morning and he was making his way in  
 15 to the police station at the point when VC was arrested.  
 16 Do you recall that?

17 **A.** Yeah, I don't know if it will be helpful to clarify that  
 18 Mr Griffin was SFC, nominated SFC, but also nominated  
 19 gold or NPCC lead. So he was on call, but the on-call  
 20 senior officer for Nottinghamshire. So when I called  
 21 him at I think it was approximately 5 o'clock, that  
 22 wasn't in his capacity as SFC, but in his capacity as  
 23 the on-call gold or NPCC lead.

24 **Q.** Therefore in those early stages, prior to his being  
 25 involved at all, you were the most senior officer

52

1 responsible for matters relating to firearms.  
 2 **A.** Yes.  
 3 **Q.** Is that usual or unusual, in respect of the Strategic  
 4 Firearms Commander not being on duty during that period?  
 5 **A.** Overnight I would say that's usual.  
 6 **Q.** We know the operational firearms commander was  
 7 PC Speeden on that evening; is that right?  
 8 **A.** That's correct.  
 9 **Q.** Those are the three levels, essentially, you had  
 10 ACC Griffin, yourself, and then PC Speeden.  
 11 **A.** Yes.  
 12 **Q.** Can you assist us, so if the incidents had happened  
 13 during the day, ordinary working hours, what would the  
 14 set-up be in respect of firearms operations?  
 15 **A.** It would be very similar, albeit my expectation would be  
 16 that the SFC would probably be on duty and at work  
 17 rather than at home. We would still call them via  
 18 telephone to notify them but, should they want to, they  
 19 could come and sit in the Control Room and ...  
 20 **Q.** I want to ask you a few questions about the set-up of  
 21 the Control Room. Could we bring on to screen your  
 22 statement at paragraph 12, please. You've set out at  
 23 paragraph 12 which officers were on duty in that room at  
 24 4.00 am. I'd like to just ask you, is that the normal  
 25 set-up of the Control Room?

53

1 **A.** No.  
 2 **Q.** I want to move on, then, to training. You've set out in  
 3 your witness statement you've been trained in pursuit  
 4 managers course; is that right?  
 5 **A.** That's correct.  
 6 **Q.** Tactical firearms course?  
 7 **A.** Two, there's the initial tactical firearms course and  
 8 the cadre tactical firearms command course.  
 9 **Q.** You've been trained in both of those.  
 10 **A.** Yes.  
 11 **Q.** In respect of Operation Plato, have you received any  
 12 training?  
 13 **A.** Yes, so as part of your ITFC course you receive  
 14 Operation Plato training as you would deal with one as  
 15 an ITFC, but I've also done various other Op Plato  
 16 training as an unarmed officer as a potentially ground  
 17 bronze, and other aspects of that.  
 18 **Q.** Is that stand-alone training that focuses on Operation  
 19 Plato or is that part of some other training?  
 20 **A.** Certainly that ground bronze element was when I was an  
 21 inspector and stand- alone Plato training.  
 22 **Q.** How about in respect of major incidents; is there any  
 23 specific training you've received?  
 24 **A.** I've done JESIP training before. I think we've heard  
 25 JESIP being talked about which is a doctrine that

55

1 **A.** Normal for that time of day on that given day, but there  
 2 are a lot more people in the Control Room in the day,  
 3 daytime, for example.  
 4 **Q.** I think I've seen somewhere else reference to two  
 5 control managers being usual; is that your experience?  
 6 **A.** If everybody were available, each team, because there  
 7 are five teams that we can cover 24/7, there would be  
 8 a chief inspector FIM, two police sergeants who are  
 9 Force Incident Supervisors, and two Control Room  
 10 managers. However, in reality, that's rarely the case  
 11 because of abstractions, leave, sickness. So on this  
 12 occasion, it was myself as the chief inspector and FIM,  
 13 two police sergeants that were both FISs, and one  
 14 Control Room manager.  
 15 **Q.** So in essence, at 4.00 am on 13 June in your view, the  
 16 set-up of that room was as expected?  
 17 **A.** Yes. Well, the -- for the management team, yes.  
 18 **Q.** And in other ways?  
 19 **A.** I would suggest that five call handlers is a little  
 20 lower than usual.  
 21 **Q.** Typically on an evening how many would you have?  
 22 **A.** Six. Maybe six or seven. A few more.  
 23 **Q.** Prior to 4.00 am, were you aware of any difficulties  
 24 involving the number of officers you had staffing the  
 25 room on that evening?

54

1 ensures that all the emergency services are working  
 2 together to -- well, major incidents. So I've done  
 3 JESIP training in the past.  
 4 **Q.** Thank you.  
 5 Can I ask you to speak slightly louder or possibly  
 6 closer to the microphone, I'm just having a little  
 7 difficulty on this side. Thank you.  
 8 I'm going to ask you about a number of topics. The  
 9 first one is in respect of issuing firearms authority.  
 10 Could paragraph 35 of your witness statement please be  
 11 brought onto screen.  
 12 Thank you. You say at paragraph 35:  
 13 "At the time of the incident on Ilkeston Road, there  
 14 were three ARVs on duty in Nottinghamshire covering the  
 15 entire county. I did consider granting a firearms  
 16 authority. However, my priority was trying to save the  
 17 lives of the victims of the attack. Although Response  
 18 Officers are first aid trained, it is not to the level  
 19 of ARV officers, nor do they carry the same level of  
 20 first aid equipment. I wanted the ARVs to attend with  
 21 a view to administering potentially life saving first  
 22 aid to the victims. Furthermore, if ambulance staff  
 23 were present the ARVs could either assist them or  
 24 disengage and be re-tasked to look for the subject."  
 25 It's that paragraph that I'd like to focus on

56

1 initially.

2 **A.** Okay.

3 **Q.** Could we please bring up onto screen NGPF0006136. Thank

4 you. This is the incident report from 13 June. If we

5 could please go over to page 2, we can see it's incident

6 number 65 and could we go over the page, please.

7 At 4.05, there is a call:

8 "Victim lying in the middle of the road -- caller

9 believes they are dead."

10 That's 4.05 and one second. 4.05 and ten seconds,

11 it says, "Firearms dispatched" and at 4.05 11 seconds,

12 it says, "Firearms en route."

13 I want to ask you, really, about the dispatching of

14 firearms and what that might mean and what it might

15 involve. It may assist if we go to something called the

16 Armed Police and Command Protocol and that can be found

17 at NGPF0007966. Is this a policy or procedure that is

18 familiar to you?

19 **A.** Yes.

20 **Q.** Yes, and you've received training on this?

21 **A.** Yes.

22 **Q.** Thank you. What I want to understand is the difference

23 between authority to deploy armed vehicles and granting

24 firearms authority. We can see, if we go to page 9,

25 a section there on authority to deploy AFOs.

57

1 circumstances:

2 "where the officer authorising the deployment has

3 reason to suppose that officers may have to protect

4 themselves or others from a person who:

5 "Is in the possession of, or has immediate access

6 to, a firearm or other potentially lethal weapon, or

7 "Is otherwise so dangerous that the deployment of

8 armed officers is considered to be appropriate, or

9 "as an operational contingency in a specific

10 operation ...

11 Finally:

12 "... for the destruction of animals which are

13 dangerous or are suffering unnecessarily."

14 It appears there it's quite a low bar to fulfil that

15 test, reason to suppose, and possession of lethal

16 weapon.

17 **A.** Yes, that's correct.

18 **Q.** I mean, in respect of this case, where you get a call

19 where there's been stabbings and involving a knife, that

20 test itself is met in those circumstances, is it?

21 **A.** Yes, it is.

22 **Q.** Then it goes on to say:

23 "The authorisation of the deployment of AFOs in this

24 context relates to the decision that the criteria for

25 such deployment has been met and not to the associated

59

1 As I read to you from the log, firearms were

2 dispatched at 4.05. Can you explain to me, is there

3 a difference between dispatching firearms and authority

4 to deploy firearms officers?

5 **A.** There is, and it may perhaps be easier if we just say to

6 send the firearms officers. So they are all police

7 officers, constables and sergeants, and certainly on

8 that night they were sent as police officers. They also

9 happen to have this extra specialist training whereby

10 they're permitted to carry firearms.

11 This document or this paragraph is talking about an

12 ITFC giving them the authority to arm themselves with

13 some extra weapons that they carry in the boot of the

14 car.

15 **Q.** We're going to see a lot of acronyms. If it's possible

16 to stick to full words, that would be preferable.

17 **A.** I'll do my best.

18 **Q.** So I'm going to read to you the section here:

19 "Chief Officers must ensure that there is an

20 officer immediately available in their force area to

21 consider and authorise deployment of [and that's

22 authorised firearms officers] ... where one or more of

23 the criteria have been met.

24 "The deployment of [authorised firearms officers]

25 ... should only be authorised in the following

58

1 approval and authorisation regarding the tactics or

2 tactical plans to be implemented if required."

3 Can you assist us with that paragraph?

4 **A.** Sorry, I'm --

5 **Q.** It seems to distinguish between granting authority to

6 deploy the authorised firearms officers and

7 authorisations regarding specific tactics.

8 **A.** Yes, it does.

9 **Q.** Yes. By authorisation of deployment, does that mean you

10 are authorised to take out of the back of the vehicle

11 your weapons?

12 **A.** Would it be helpful if I tried to describe some of the

13 equipment that we're talking about?

14 **Q.** Absolutely. Yes, please.

15 **A.** So the ARV officers in Nottinghamshire will carry lots

16 of equipment, but specifically around the firearms and

17 the firearms authority, they will have a Glock 17

18 self-loading pistol, which is a small handgun, it's

19 usually carried on their leg or their hip. That is

20 always on their person. As an AFO, there is what is

21 called a standing authority for them to carry that

22 weapon.

23 The other weapons we're going to talk about are --

24 sorry, they've also got a taser device, they carry

25 a taser on their person. The other weapons are locked

60

1 in the back of their vehicles in a box, and they have  
2 something called a carbine, which has the appearance of  
3 a machine gun. It's not. It only fires single rounds.  
4 Also something called a baton launcher, or AEP is the  
5 correct term. It's a metal tube that fires a rubber  
6 projectile, it's sometimes referred to as a less lethal  
7 option.

8 So those two bits of equipment can't be taken out of  
9 the car or shouldn't be taken out of the car unless  
10 I have authorised for that to happen. And that's what  
11 we're talking about here.

12 **Q.** So where we've referred to authorisation, it's  
13 essentially the additional weapons that are available in  
14 the back of the car?

15 **A.** Yes.

16 **Q.** I'm going to continue. It says:

17 "The initial authority for the deployment of  
18 [authorised firearms officers] ... can be given by an  
19 accredited Strategic Firearms Commander ... or  
20 a Tactical Firearms Commander ... depending on the  
21 circumstances and nature of the incident or operation.  
22 Where practicable, any subsequently authorised armed  
23 deployment should be subject to appropriate tactical  
24 advice."

25 Looking at that, were you the right person on that

61

1 respect of authorised firearms officers, are we to read  
2 there that it would have been appropriate to then have  
3 contacted ACC Griffin as the SFC?

4 **A.** Correct.

5 **Q.** Thank you, and I'll just read one final paragraph. It  
6 says:

7 "In planned ... operations, the deployment of AFOs  
8 must be authorised by an SFC ..."

9 This wasn't a planned operation, if it had taken  
10 place.

11 **A.** Correct.

12 **Q.** Thank you. Now if we scroll up again and we see the  
13 test that's set out there, the 'Reason to suppose' test,  
14 you said that would have been met on the evening, on  
15 receipt of information that there had been, for example,  
16 stabbings involving a knife.

17 What are the factors that one considers in  
18 determining whether then to authorise to deploy  
19 Authorised Firearms Officers?

20 **A.** So as you mentioned earlier, that bar is relatively low,  
21 it's a low threshold and, as a result, you know,  
22 unfortunately there are a lot of knife-enabled offences  
23 in Nottinghamshire. I couldn't give you the exact  
24 statistics but, you know, really quite high number, and  
25 if I were to authorise the deployment of firearms

63

1 evening to give initial authority, should you so have  
2 wished?

3 **A.** Well, there's myself that was an ITFC, both sergeants  
4 that were sat with me on the top desk are also ITFCs.  
5 So I had Sergeant Berry sat to my left and  
6 Sergeant Straszewski to my right. Both ITFCs as well.

7 **Q.** There's then a section on spontaneous incidents. It  
8 says:

9 "In spontaneous incidents, where the initial  
10 authority is given by a TFC, an SFC should be contacted  
11 as soon as practicable and informed that an incident  
12 requiring the deployment of armed officers is taking  
13 place. Where the SFC is in a position to take a command  
14 role, and make command decisions, they should ratify or  
15 rescind the initial authority."

16 Now we're dealing today with what is considered  
17 a spontaneous incident; is that right?

18 **A.** I believe you're talking about the Ilkeston Road  
19 incident?

20 **Q.** Yes.

21 **A.** Well, it wasn't declared a firearms incident, but had it  
22 been -- (*overspeaking*) --

23 **Q.** No, but -- (*overspeaking*) --

24 **A.** -- spontaneous incident, yes.

25 **Q.** If you had been required to grant authorisation, in

62

1 officers in this sort of scenario or -- there would be  
2 authority almost continuously.

3 So it's not -- if we look at the definition here,  
4 any incident really involving a knife, it could be  
5 perceived to be a lethal weapon. If I were to take this  
6 very literally, I would be authorising the deployment of  
7 firearms officers for every knife-enabled incident,  
8 amongst other things.

9 **Q.** What kind of guidance is there as to when to authorise  
10 or not to authorise in that case, if it is quite a low  
11 bar?

12 **A.** So that falls back on to the training that we've already  
13 discussed that I do, so assess the  
14 information/intelligence that's available to me, start  
15 looking at the identity, capability and intent of the  
16 offender, where the victims are, the location of the  
17 incident, the subjects, all formulating -- I mean this  
18 is the NDM that I'm talking about which will all feed  
19 into whether I would give a firearms authority or not.

20 **Q.** You described your training. Is there any particular  
21 document that you might point to that would set out  
22 formal criteria, or are you just guided by that very  
23 training that you've received?

24 **A.** Well, there's lots but the main one being APP, armed  
25 policing.

64

1 Q. So that's the College of Policing's APP --  
 2 A. Yes.  
 3 Q. -- on armed policing. Does that assist an officer,  
 4 somebody in your position, to understand when or when  
 5 not to authorise?  
 6 A. Yes.  
 7 Q. Thank you.  
 8 I'm going to please move on to page 12 of this  
 9 document. If we could scroll down, please, to the  
 10 bottom half of the page, we see there "Phases of armed  
 11 incidents and operations". 9.1 addresses "Spontaneous  
 12 incidents -- initial armed deployment". It says:  
 13 "A Strategic or Tactical Firearms Commander's  
 14 ability to effectively perform their respective command  
 15 functions depends on them having:  
 16 "Knowledge of the circumstances and available  
 17 intelligence;  
 18 "the ability to communicate;  
 19 "Appropriate tactical advice available;  
 20 "[And] a suitable environment from which to exercise  
 21 the command function."  
 22 If you had authorised on the evening of -- the very  
 23 morning of the 13th -- would that have been you? It  
 24 says a strategic or tactical firearms commander. We've  
 25 heard that ACC Griffin wasn't available until, say,

65

1 the deployment of AFOs to ensure that an appropriate  
 2 command structure is instigated as soon as practicable.  
 3 Where appropriate, this officer should remain in command  
 4 of the deployment until any transfer of command takes  
 5 place."  
 6 Again, if it had happened, if it had been  
 7 authorised, is it likely that that would have been you?  
 8 The responsibility of the officer authorising the  
 9 deployment, would it have been you who authorised the  
 10 deployment of AFOs?  
 11 A. Yes, it would have been myself or either of the two  
 12 sergeants, the TFCs.  
 13 Q. Is it likely that you would have set up an appropriate  
 14 command structure in respect of that?  
 15 A. Yes.  
 16 Q. So it would have been essentially an additional burden  
 17 to the work that you were already doing to set this up  
 18 and it would have taken time away from your other  
 19 duties.  
 20 A. I wouldn't use the term "burden". It would be something  
 21 else that would be done.  
 22 Q. An additional task, essentially.  
 23 A. Yes.  
 24 Q. An additional task that added a level of coordination to  
 25 the role of the firearms officers who were present at

67

1 around 5 o'clock.  
 2 A. Sorry -- it's not that he wasn't available, I didn't  
 3 ring him because I hadn't declared a spontaneous  
 4 firearms incident.  
 5 Q. So at the time when you received information about the  
 6 stabbings, it would have been you who would have been  
 7 the tactical firearms commander and this part of the  
 8 policy would have applied to you. I appreciate we are  
 9 talking hypothetically because it didn't happen, but  
 10 I just want to really establish what would have  
 11 happened, had you authorised. The burden here seems to  
 12 fall on yourself.  
 13 A. Myself or either of the two sergeants, yeah.  
 14 Q. Yes, and it says below that:  
 15 "Initially, information can be vague and confusing.  
 16 It is, therefore, important for effective command to be  
 17 established as quickly as possible and undertaken by the  
 18 most appropriate person available."  
 19 Over the page, please.  
 20 "On occasions, the initial Tactical Firearms  
 21 Commander may be in a better position to continue in the  
 22 tactical firearms command role until a dedicated  
 23 Tactical Firearms Commander is in a position to take  
 24 command.  
 25 "It is the responsibility of the officer authorising

66

1 the scene, for example?  
 2 A. Yes.  
 3 Q. I'm going to go back to the incident report and that can  
 4 be found at NGPF0006136 and we're going to start on  
 5 page 3. So we've already established firearms  
 6 dispatched, firearms en route.  
 7 I want to ask you about the entry at 4:05:19, it  
 8 says:  
 9 "FIS - Ring EMAS".  
 10 Now is that Force Incident Sergeant Gavin Berry?  
 11 A. I'm not sure. I don't think it is him. So on the  
 12 right-hand side you can see a pay code, and I'm not --  
 13 I don't think that's his, but I couldn't be certain.  
 14 Q. Who else might it be?  
 15 A. So it could be Sergeant John Straszewski, who I also  
 16 mentioned earlier as one of the other sergeants, but  
 17 also, I suppose it's a matter of semantics, the manager  
 18 controlling manager also can be referred to as a FIS, so  
 19 it could have been him.  
 20 Q. Are you able to interpret that for us at all, are you  
 21 saying that EMAS have been rung, or it's an instruction  
 22 in the Control Room to ring EMAS?  
 23 A. I'd take that to mean that's a direction to ring EMAS,  
 24 because whilst it's likely they have also received  
 25 a call, there would have been a possibility that they

68

1 haven't, so we would always ring as they do to us.

2 **Q.** That's essentially my question, because we know that

3 there has been this 999 call reporting victims of

4 stabbing. Would you expect EMAS to have already been

5 called by that stage or not?

6 **A.** Sorry, by whom?

7 **Q.** By -- well, exactly. How would the emergency -- the

8 other emergency services, so how would the Ambulance

9 Service know to attend the scene, for example?

10 **A.** So they either would have had a call from a member of

11 the public, as we had done, or a member in the --

12 a member of staff in the Control Room will notify them,

13 which is what I take this line to mean. It's, I think,

14 the Control Room supervisor saying, "Please ring EMAS to

15 notify them about this incident".

16 **Q.** So it's essentially a direction to somebody within your

17 room to make that call?

18 **A.** Yes.

19 **Q.** Could we please go over the page. We're just going

20 chronologically through this Incident Log for now. We

21 are still on the general theme of firearms deployment

22 and we'll get to that in due course. But if we just

23 stick this log, we can see there 4:05, it says there:

24 "FCR Ch[ief] Insp[ector] Taser Deployment

25 Authorised".

69

1 that fled the scene, or something else?

2 **A.** No, it's because this is a copy and paste that I haven't

3 changed, for -- as I mentioned earlier, just for reasons

4 of being expeditious.

5 **Q.** So in fact where it says, "Low" that's the starting

6 point and officers can change those assessments --

7 **A.** Yes.

8 **Q.** -- as time progresses? Is it usual for that to simply

9 be copied and pasted at that stage?

10 **A.** So the reason I did it was to be quick because it

11 was clearly a very serious incident. I wanted officers

12 to know that I was content that taser officers should

13 travel, and it was appropriate that they could be

14 attending the scene. I suppose the risk is if I take

15 longer to do it, are we then in a position whereby

16 officers aren't going.

17 **Q.** Can you see an inconsistency there between deploying

18 authorised taser officers and then having a threat

19 assessment below it where all the answers are low risk,

20 if you were a third party reading that?

21 **A.** You could do that. But absolutely in this circumstance,

22 that was not my threat assessment. This is just what

23 I've pasted on, as I said, to be expeditious.

24 **Q.** How would it have been clear to others viewing this that

25 that wasn't your assessment?

71

1 Is this a reference to yourself?

2 **A.** Yes.

3 **Q.** Can you just talk us through this entry, please?

4 **A.** Yes, so one of the things I can do is authorise the

5 deployment of taser officers and in this circumstance,

6 given that it was alleged weapons threat, I thought it

7 prudent that taser officers or officers trained to use

8 taser were deployed to assist in searching for the

9 offender as a contingency.

10 This is a copy and paste *pro forma* that I've put on

11 the incident. As you can see, it's quite early on in

12 the incident, that's just to be expeditious, in order to

13 ensure that it's understood that I have conducted an

14 assessment, that I've decided that arming criteria is

15 not met and that taser criteria is.

16 **Q.** So at 4.05 you've authorised the deployment of tasers.

17 We can see there a threat assessment and a working

18 strategy underneath that. The threat assessment says:

19 "The Victim(S) - Low

20 "Occupants of address - Low

21 "Public in Vicinity - Low

22 "Responding Officers - Low

23 "Subject(s) - Low."

24 Can you assist us with that? Is it a low threat

25 because you had formed the view that the perpetrator

70

1 **A.** It wouldn't have been.

2 **Q.** If we look down, then, at the working strategy, this is

3 a standard working strategy in these circumstances. Do

4 you know where this originates from? Is there some sort

5 of policy that sets those out as appropriate tasks?

6 **A.** I'm unsure.

7 **Q.** Pardon?

8 **A.** I'm unsure.

9 **Q.** So there's:

10 "Minimise Risk to Victim(s)

11 "Minimise Risks to Other Occupants of Subject

12 Address

13 "Minimise Risk to Public in Vicinity

14 "Maximise safety of responding officers

15 "Minimise Risk to Subject."

16 Then it says:

17 "Locate and deal with subject safely

18 "Recover any Weapon

19 "Secure & Preserve evidence

20 "Develop Intelligence".

21 Are those a general strategy that are generally

22 employed in these kinds of circumstances?

23 **A.** Yes, correct.

24 **Q.** Thank you. If we can now turn to page 6. It says:

25 "FIS - this is a report of stabbing

72

1 "Officers to attend and activate [body-worn video]  
 2 "Obtain an account from the victim  
 3 "Secure accounts from witnesses  
 4 "Early CCTV enquiries to be conducted  
 5 "Search to be conducted for any weapon  
 6 "Locate and secure a scene if necessary  
 7 "Early obs[ervations] for potential offenders  
 8 considering cross contamination."  
 9 Can you assist us with who inputted this  
 10 information?  
 11 A. That's Sergeant Berry.  
 12 Q. Thank you. Is that, again, pretty much a standard *pro*  
 13 *forma*?  
 14 A. Yes.  
 15 Q. Yes. Where we see "Early obs[ervations] for potential  
 16 offenders", and then it continues, "Considering cross  
 17 contamination", should they actually be on two separate  
 18 lines, they are two separate tasks?  
 19 A. Yes.  
 20 Q. Yes. Essentially, one of the tasks is early  
 21 observations for potential offenders?  
 22 A. Yes.  
 23 Q. Who is that kind of a message directed towards?  
 24 A. So I would say that's for the awareness of the  
 25 dispatchers predominantly. I wouldn't expect an officer

73

1 a member of staff who will then be on the other end of  
 2 the radio -- we've heard some radio clips today and  
 3 yesterday -- who will dispatch the officers, tell the  
 4 officers, communicate with the officers.  
 5 Q. Where will they be receiving their instructions from?  
 6 A. Myself or their training.  
 7 Q. Ultimately, do you sit at the top of that tree?  
 8 A. Yes.  
 9 Q. So the early observations for potential offenders is  
 10 certainly one of the tasks that you have in mind as at  
 11 4.07.  
 12 A. Yes.  
 13 Q. Yes. Can we please play NGPF0004724, please. this is an  
 14 audio message at 4.08. So a minute later.  
 15 (Audio played)  
 16 Thank you. Was that a conversation between yourself  
 17 and PC Speeden?  
 18 A. I think Sergeant Berry was at the beginning but the  
 19 latter part was, yes.  
 20 Q. Can you assist us with what you heard there?  
 21 A. So I think PC Speeden says, "I take it that" -- I'd have  
 22 to listen to it again, I'm sorry.  
 23 Q. We can play it again. It's NGPF0004724.  
 24 (Audio played)  
 25 A. So I think PC Speeden says, "I take it we're not looking

75

1 attending this incident to have read this because,  
 2 whilst they can read things on their laptops, they will  
 3 be travelling to the scene. Our dispatchers aren't  
 4 police officers. Whilst they have some training in  
 5 crime and evidence preservation, it's not to the extent  
 6 that myself or Sergeant Berry would have had. So this  
 7 is, I suppose, a bit of an *aide memoire* that the  
 8 dispatchers ought to be thinking about some of these  
 9 things.  
 10 Q. Is that an *aide memoire* for the dispatchers or is that  
 11 an *aide memoire* for those who are attending the scene?  
 12 It reads as though it's for those who attend, such as  
 13 activate body-worn footage, obtain accounts.  
 14 A. So I would say it's an *aide memoire* for the dispatchers  
 15 but what the dispatchers ought to be doing with that is  
 16 telling the officers at the scene.  
 17 Q. Those are pretty standard actions on arrival at  
 18 a serious incident.  
 19 A. Yes.  
 20 Q. When you say "the dispatchers", who do you mean?  
 21 A. So we have a number of people working in the Control  
 22 Room. The call-takers are, as the name suggests,  
 23 they're taking calls and inputting information from  
 24 calls made by members of the public. They generate the  
 25 Incident Logs that you see before you. A dispatcher is

74

1 at an authority". I can't make out the next word but he  
 2 then says "subject", so I assume it's "for looking for  
 3 the subject", and then I respond saying that the  
 4 priority initially is the victims.  
 5 Q. Was that the extent of your discussion with PC Speeden  
 6 at that stage in respect of armed authority?  
 7 A. At that stage, yes.  
 8 Q. Yes, and can you assist us with your reasoning behind  
 9 not granting authority at that stage?  
 10 A. So as I mentioned earlier, my job previous to being the  
 11 FIM was the armed policing inspector, so I have a really  
 12 good -- I had good exposure to the training that the ARV  
 13 officers undertake and what they're equipped to do.  
 14 Their first aid skills are a deeply, deeply impressive.  
 15 They are enhanced first aid trained. They carry  
 16 a medical bag with them, which is at least the size of  
 17 what the paramedics carry, and the reason they're  
 18 trained to do that predominantly is to deal with trauma,  
 19 should they attend an incident where someone has been  
 20 shot or stabbed, or indeed one of them gets injured. So  
 21 a really, really high level of first aid provision that  
 22 they can provide, along with the equipment to do so,  
 23 which far outstretches what an average response police  
 24 officer would be able to do, both training and -- both  
 25 capability-wise and equipment-wise.

76

1 So my primary concern was to potentially give  
 2 life-saving treatment to those two victims. I could  
 3 have given an armed authority, but again in my  
 4 experience, one of the issues with that is it slows  
 5 everything down, it would have made the ARV officers  
 6 stop to get those weapons out, as we discussed earlier;  
 7 and they can still administer that first aid whilst  
 8 being in authority, but they'd then have a load of bulky  
 9 equipment around their person that can sometimes get in  
 10 the way.  
 11 **Q.** At that point in time, you had your two hats on  
 12 essentially: one was as force incident manager and the  
 13 other was as tactical firearms commander. Do you think  
 14 that at that point, or shortly thereafter, it may have  
 15 been important to have more of a discussion with  
 16 PC Speeden who was, at that time, the operational  
 17 firearms commander about whether or not they should be  
 18 given authorisation?  
 19 **A.** So at that time, no.  
 20 **Q.** On reflection?  
 21 **A.** No, what I mean is at that point --  
 22 **Q.** Yes.  
 23 **A.** -- that I'd said that thing, no.  
 24 **Q.** And shortly thereafter?  
 25 **A.** Well, yes, I could have had a discussion with him once

77

1 EMAS. I don't need to bring it on to screen. Its  
 2 unique reference number is WITN0369002. I'll give you  
 3 the timings that the EMAS arrived. The first crew  
 4 arrived at 4.10, so in fact it was within a minute of  
 5 that 4.09 message. Cardiac arrest leads and specialist  
 6 practitioners arrived at 4.13. Duty commander, cardiac  
 7 arrest lead arrived at 4.19. A second crew arrived at  
 8 4.20 and a doctor and air ambulance service also arrived  
 9 at 4.20.  
 10 I just want to bring on to screen the number of  
 11 officers who were there by that time. If we could  
 12 please bring up NGPF0007943. This is the document that  
 13 sets out which officers attended the scene and the time  
 14 of their arrival. We can see over the period that I've  
 15 just talked about. So the first ambulance crew arriving  
 16 at 4.10 up until the doctor and air ambulance arriving  
 17 by 4.20, there are a large number of officers who have  
 18 attended the scene; is that right?  
 19 We can scroll over the page. Many of this timings,  
 20 4.11, 4.13, 4.13, and over the page we may see there's  
 21 another one there, 4.11.  
 22 So am I right to understand that in between 4.10 and  
 23 the next ten minutes there were a large number of both  
 24 police officers and also the ambulance services there?  
 25 **A.** It would appear so.

79

1 the first aid provision that I've outlined I wanted them  
 2 to do had been undertaken.  
 3 **Q.** Yes. Can we please go back to NGPF0006136, page 7. We  
 4 see there at 4:09:48, it says -- a little further down,  
 5 please, "FiS -- EMAS informed" and it gives a reference  
 6 and it says, "1 minute ETA".  
 7 So by 4.09 the ambulance service were due to be  
 8 there within a minute; is that correct?  
 9 **A.** Correct.  
 10 **Q.** The first 999 call came in at 4.03. Detail appeared in  
 11 this log at 4.05. Can you assist us with why it's not  
 12 until 4.09 that we have detail there of the ambulance  
 13 service being informed?  
 14 **A.** I can't say. So I don't know whether that update, it's  
 15 from the FIS, so again I make the assumption it's the  
 16 manager, who had originally asked for EMAS to be called.  
 17 So I don't know whether that is exactly when -- I'm not  
 18 articulating myself very well here. That information  
 19 may have come in at 4.08 or 4.07, and it may not have  
 20 been recorded contemporaneously, potentially, but  
 21 I don't know.  
 22 **Q.** In any event, by 4.09 it appeared that the ambulance  
 23 service was a minute away.  
 24 **A.** Yes.  
 25 **Q.** We've obtained a witness statement from Ben Holdaway of

78

1 **Q.** So the firearms officers and their specialist medical  
 2 expertise or equipment, that became presumably less and  
 3 less important as those minutes went by, because, as  
 4 I say, by 4.20 there was even the air ambulance who had  
 5 arrived. Is that your recollection?  
 6 **A.** Well, it's not necessarily my recollection, but I would  
 7 agree with your statement.  
 8 **Q.** Then can you assist us with why at that point, when you  
 9 had a number of officers at the scene and a number of  
 10 medical professionals at the scene, why there wasn't  
 11 more of a discussion with PC Speeden in respect of the  
 12 issue of armed authority?  
 13 **A.** Well, my understanding is they were still giving that  
 14 life-saving intervention. So I've not viewed all the  
 15 body-worn video footage, but certainly when PC Speeden  
 16 arrives I know that Sergeant Hallam and PC Graham are  
 17 still giving that first aid.  
 18 **Q.** There is a moment where there are searches of property  
 19 and things like that.  
 20 **A.** Yes.  
 21 **Q.** Was there not a moment around this period where a proper  
 22 conversation could have taken place, given your firearms  
 23 role as the tactical firearms commander with the  
 24 individual who was the operational firearms commander in  
 25 respect of the authorisation to deploy armed force at

80

1 that stage?

2 **A.** Well, I think PC Speeden does raise it with me, but

3 actually it's something that I'm constantly assessing.

4 I don't stop and think: do I need it now? It's has

5 something changed? Is there a change in information

6 intelligence that would then suggest that I need to look

7 at authorising the deployment of firearms officers?

8 **Q.** Sticking with the theme of armed officers, we'll move on

9 to other themes in due course, but how many ARVs were

10 available to you at this particular time, so far as you

11 can recall?

12 **A.** So that's three ARVs which is six AFOs, that's two AFOs

13 in each vehicle.

14 **Q.** So two armed officers in each vehicle.

15 **A.** Correct.

16 **Q.** Three vehicles. How many were at Ilkeston Road at this

17 point in time?

18 **A.** Which point, sorry?

19 **Q.** So in between, say, 4.00 and 4.20.

20 **A.** Two.

21 **Q.** Can you assist us with where the other vehicle was?

22 **A.** It was travelling down to this incident, it was further

23 north in the county.

24 **Q.** So in essence, had it reached Ilkeston Road, you would

25 have had three ARVs based in Ilkeston Road at that time.

81

1 forces?

2 **A.** It can be done, yes.

3 **Q.** Can we please turn to WITN0407001, this is PC Speeden's

4 witness statement. He will give evidence in due course,

5 but could we please turn to page 21. I'm just going to

6 read to you a few paragraphs in his witness statement.

7 We start at paragraph 46. This is after the attacks.

8 He says:

9 "At approximately 6.26... I asked PC Wilkinson if he

10 was ok to talk about a few debriefs points that I wished

11 to raise. I knew that there would be a full structured

12 debrief at some point in the future but I felt that as

13 though I needed to talk about them ... I stated to him

14 at the time of the double stabbing being confirmed that

15 we were not provided with an authority to arm by the TFC

16 and I discussed with him the points that I have stated

17 earlier in this statement, including the fact that I was

18 concerned about an unknown offender walking about,

19 possibly future victims and the offender returning to

20 the scene. Also, I mentioned the response I got from

21 the TFC that 'our main priority is the victim'.

22 I stated to PC Wilkinson: 'Well, obviously it is always

23 the victim as they are top of our working strategy, it

24 doesn't mean that we can't do our armed capability at

25 the same time. My thought always in my head was, how do

83

1 **A.** Yes.

2 **Q.** We know, and we'll come to it in due course, that there

3 was the later incident in the city centre. Did you give

4 any thought to whether an ARV should be at the city

5 centre? We've had two at the scene, one travelling down

6 to the scene. It doesn't appear that there is any

7 consideration at that stage given to whether in fact

8 somebody should be elsewhere, should be in a position

9 within the city centre, for example.

10 **A.** I didn't see the need at that time to deploy one of the

11 three RVs into the city centre. This was a really,

12 really significant incident. I wanted the specialist

13 resources here.

14 **Q.** So in your view, the attack on Ilkeston Road was

15 sufficient to require three ARVs?

16 **A.** Yes.

17 **Q.** Which is six armed officers?

18 **A.** Yes.

19 **Q.** I don't want to go into sensitive detail, so only answer

20 to the extent that you're able to, but in your view, was

21 ARV resourcing on that evening sufficient?

22 **A.** Three ARVs is the minimum I would ever want on duty

23 whilst I'm covering as FIM. I would have preferred more

24 ARVs.

25 **Q.** Could you, for example, have called on ARVs from other

82

1 we know that this isn't just a stranger attack and the

2 person isn't going to go and wander off and do it to

3 someone else? Which is what has ended up happening."

4 So this is a contemporaneous debrief that he gave to

5 another officer at six in the morning or thereabouts.

6 He continues -- at 6.26. At paragraph 47 he says:

7 "At some point between the initial stabbings and

8 Op[eration] Plato being declared, my team and I all

9 raised our frustration to each other about there being

10 no authority to arm initially granted and I stated this

11 to PC Wilkinson.

12 "I then went on to say to him: 'I feel, mmm, not let

13 down but I feel ...' PC Wilkinson then interjected and

14 said, 'You've kind of had your suspicions proved right'.

15 I went on to say, 'It's not about the Op Plato at all as

16 no one can envisage that but if someone's got the intent

17 to cause serious harm and actually kill two people, if

18 you were ever going to have an authority that's it.

19 Just because it's a knife I don't understand why the

20 authority wasn't on from the start. Then even if we

21 were doing first aid, we would have had the capability

22 to respond to something and that offender could have

23 come back to the scene'."

24 Looking back at that now, PC Speeden was right,

25 wasn't he?

84

1 A. Sorry, why was he right?  
 2 Q. Pardon?  
 3 A. Why was he right?  
 4 Q. Well, he was concerned -- perhaps you can answer that:  
 5 do you not think he was right?  
 6 A. Well, I'm -- what, what --  
 7 Q. He's expressing there his real frustration that armed  
 8 authority hadn't been given.  
 9 A. Yes.  
 10 Q. His concern being that someone has got the intent to  
 11 cause serious harm and actually kill two people, if ever  
 12 there was going to be an authority to arm, that's it  
 13 because they could go on to harm other people, and that  
 14 in fact was proved right, wasn't it?  
 15 A. Yes, he obviously did go on to kill other people.  
 16 Q. So looking back at his frustrations at the time, his  
 17 instincts were right, weren't they?  
 18 A. Well, he's talking about the armed authority, and the  
 19 suggestion is that the armed authority might have made  
 20 some sort of difference, and I would disagree.  
 21 Q. I'm going to take you back to NGPF0006136, page 4,  
 22 please. Part of that initial working strategy that we  
 23 spoke about earlier: minimise risks to victims, minimise  
 24 risks to other occupants of subject address, minimise  
 25 risk to public in vicinity. Then it goes on to talk

85

1 plan, so the author of the Nottinghamshire Operation  
 2 Plato plan.  
 3 Q. If we go over to page 2 we can see a discussion about  
 4 the issue of armed authority.  
 5 "DM"; is that yourself?  
 6 A. Yes.  
 7 Q. "Remember a challenge.  
 8 "Priority at this point was towards first aid and  
 9 victim."  
 10 So that's the message we heard communicated over the  
 11 radio; is that right?  
 12 A. Yes.  
 13 Q. Then "JS"; was that PC Speeden?  
 14 A. Yes.  
 15 Q. "Requested the consideration for armed authority based  
 16 on 'multiple' stab wounds.  
 17 "When confirmed as a second victim.  
 18 "Victim is priority even if it's a firearms job.  
 19 "Challenge around victim being the priority but in  
 20 a [firearms] ... job there is a priority on the victim."  
 21 A. Then: "Anyone want to expand?"  
 22 He went on to say:  
 23 "Initial assessment was multiple stab wounds.  
 24 "For me it's spinning the wheel -- otherwise so  
 25 dangerous description with unknown intent".

87

1 about locating and dealing with the subject and  
 2 recovering any weapon.  
 3 Armed authority in PC Speeden's view would have been  
 4 a good way to go about some of that strategy. Do you  
 5 disagree with that?  
 6 A. I agree that in his view it would, but yes, I disagree  
 7 with that.  
 8 Q. Can we please turn to NGPF0007689. This is a debrief  
 9 that followed with the armed officers. It took place  
 10 shortly after the incident; is that right? Do you  
 11 recall?  
 12 A. I think it was July, so ...  
 13 Q. So the next month. We see there "C/I DM"; is that  
 14 yourself?  
 15 A. Yes.  
 16 Q. It's about halfway through the names of attendees. You  
 17 don't need to name everybody but can you just describe  
 18 for us broadly the kinds of people who were in  
 19 attendance?  
 20 A. So it was all of the armed officers that were on duty  
 21 that evening: myself; the two TFCs, the sergeants that  
 22 were sat either side of me; the Control Room manager;  
 23 the chief firearms instructor; the Head of Operational  
 24 Support which owns the firearms officers that belonged  
 25 to that department; and the owner of the Operation Plato

86

1 What do you recall of what was said by PC Speeden in  
 2 that debrief in respect of that entry there?  
 3 A. It's as the notes state.  
 4 Q. What did you understand him to mean when he said it's  
 5 "spinning the wheel"?  
 6 A. Spinning the wheel, so it's a bit of a colloquialism in  
 7 the firearms world around the National Decision Model.  
 8 Q. What do you understand by that?  
 9 A. So working your way around the points on the National  
 10 Decision Model, and reassessing.  
 11 Q. So is he saying there that there should have been  
 12 an earlier reassessment?  
 13 A. I think he's -- he's saying that he thinks there should  
 14 have been a firearms authority.  
 15 Q. Yes, and your response was:  
 16 "Our working assumption was a robbery gone wrong or  
 17 attempted robbery gone wrong."  
 18 And he says:  
 19 "I/I".  
 20 Can you assist us with what "I/I" means?  
 21 A. Information and intelligence.  
 22 Q. Information and intelligence?  
 23 A. Yeah.  
 24 Q. "... would indicate an offender at large."  
 25 Then somebody else says:

88

1 "What made you assume it was a robbery".  
 2 Who is "DG"?

3 **A.** It's one of the other firearms officers.  
 4 **Q.** Thank you. So one of the other firearms officers, it  
 5 seems as though he's responding to your comment that it  
 6 was working on the assumption that it was a robbery gone  
 7 wrong, and he said, "What made you assume it was a  
 8 robbery".  
 9 And you said, "Based on calls."  
 10 We then see:  
 11 "General discussion on Armed Authority with  
 12 contributions from OFC and TFCs. Each describing their  
 13 NDMs."  
 14 Is that National Decision Models?

15 **A.** Yes.  
 16 **Q.** Then an entry:  
 17 "Initially two calls with very little other bits --  
 18 there were just two calls.  
 19 "What was the source of the call?  
 20 "Passerby and even while incident was being created,  
 21 was already sending staff towards including the DIV and  
 22 OS resources".  
 23 What do you understand that to --  
 24 **A.** So "DIV" will be the local response officers, and "OS"  
 25 will be the armed officers and the dog officers.

89

1 **Q.** You were present at this meeting.  
 2 **A.** Yes.  
 3 **Q.** Do you recall that PC Speeden was not the only voice in  
 4 that respect?  
 5 **A.** I couldn't tell you who, but I definitely suspect there  
 6 would have been some of the others would have agreed  
 7 with PC Speeden.  
 8 **Q.** Why do you think it is that you consider that your  
 9 decision was right and their view to not be right?  
 10 **A.** Because I look at things in a slightly different  
 11 perspective to them. It's not me saying that I'm right  
 12 and they're wrong. I respect the firearms officers,  
 13 I've worked with them for a long time. But at that  
 14 time, my assumption, as I said there, was that this was  
 15 perhaps a robbery that hadn't gone as the offender had  
 16 intended, and he's -- they've therefore -- sorry, again,  
 17 I'm not articulating myself very well again.  
 18 So my working assumption, based on my policing  
 19 experience, was, given that the location, given the time  
 20 of day, given the age of the victims, was that this was  
 21 a robbery. So that was my main hypothesis.  
 22 Again, in my experience, people that commit  
 23 robberies then run away. So my expectation was that the  
 24 offender's intent was to evade capture, so they were  
 25 fleeing. I knew that there were two very seriously

91

1 **Q.** Your response there was:  
 2 "Everyone wasn't busy so everyone started travelling  
 3 with focus on D13 and first aid".  
 4 Can you assist us with what that meant?  
 5 **A.** That's to say that the armed officers weren't committed  
 6 with anything else and they started travelling, focusing  
 7 on enhanced first aid. That's what D13 is.  
 8 **Q.** If we scroll up, please, we can see that entry in bold:  
 9 "General discussion on Armed Authority with  
 10 contributions from OFC[s] and TFCs."  
 11 Now that is the only significant section in these  
 12 minutes that is in bold. It looks as though there may  
 13 have been a heated discussion on this issue. We are  
 14 going to ask others who were present. Are you able to  
 15 assist us with your recollection as to whether there was  
 16 a heated discussion on this issue?  
 17 **A.** There was a discussion. There was a -- there's  
 18 a disagreement of opinions, as we've alluded to earlier,  
 19 with PC Speeden of the belief that arming criteria was  
 20 met and we should have had a firearms authority, and me  
 21 explaining why I thought that we didn't need to have  
 22 one.  
 23 **Q.** I know you've mentioned PC Speeden quite a lot, but were  
 24 there other firearms officers who shared his view?  
 25 **A.** I suspect so, yes.

90

1 injured individuals at the scene and I wanted the ARVs  
 2 to prioritise, using that extra skill and capability  
 3 they have, those two victims and give them every  
 4 opportunity to survive.  
 5 **Q.** And on --  
 6 **A.** And I've got an article 2 obligation to save life. That  
 7 was my under -- you know, overriding objective.  
 8 **Q.** Your article 2 obligation, though, doesn't just concern  
 9 the immediate victims; it also concerns potential  
 10 victims, doesn't it?  
 11 **A.** It does.  
 12 **Q.** Do you think you gave insufficient thought to future  
 13 potential victims?  
 14 **A.** No.  
 15 **Q.** Do you think that you were too focused on your  
 16 hypothesis that it had been robbery, rather than  
 17 stepping back a bit and considering alternative options?  
 18 **A.** Well, I did look at alternative options. One of the  
 19 other options was that perhaps it was some sort of  
 20 domestic-related incident, again, given my policing  
 21 experience, given the severity of this attack, it was  
 22 another hypothesis that this could have been some sort  
 23 of domestic incident. So I wasn't just thinking it was  
 24 perhaps a robbery; I was looking at lots of options.  
 25 **Q.** If we could scroll up to where we currently are. You

92

1 say:  
 2 "Our working assumption was a robbery gone wrong or  
 3 attempt[ed] robbery gone wrong."  
 4 Then somebody, DG, said:  
 5 "What made you assume it was robbery".  
 6 You said: "Based on calls".  
 7 So it does seem that, as at July 2023, your  
 8 recollection was that you were quite focused on robbery  
 9 gone wrong or attempted robbery.  
 10 **A.** Yeah, well, that was my main theory.  
 11 **Q.** Looking back at that, do you think that you may have  
 12 been a little too focused on that hypothesis?  
 13 **A.** I don't think so. I think that was still, given what  
 14 I had in front of me, the most likely.  
 15 **Q.** I want to stick with the issue of the firearms officers  
 16 before we move on to a new topic. This will likely be  
 17 the last document before lunch, but we'll see how we go.  
 18 Could you please bring up on to screen NGPF0010754,  
 19 page 2. This is a document we looked at yesterday and  
 20 it addresses where various firearms officers are during  
 21 the period of the van attacks. We see at 5.15, so we  
 22 can see row number 90, this is PCs Speeden and Goddard,  
 23 row number 90 is at 5.15, can you see that? It's about  
 24 halfway down.  
 25 **A.** Yes, I can.

93

1 towards the bottom, thank you very much, that's 5.19,  
 2 heading in a northerly direction. If we go to box 230,  
 3 which is on the left-hand side, one of the upper boxes  
 4 on the left-hand side, 230, by 5.25, travelling again  
 5 north, essentially heading in the same direction as the  
 6 other ARV, officers; is that right?  
 7 **A.** Yes.  
 8 **Q.** So at the time when the first van attack happened at  
 9 5.22, I think we see there these officers are heading up  
 10 Mansfield Road, heading north in the opposite direction,  
 11 essentially?  
 12 **A.** Opposite direction to?  
 13 **Q.** To where the van attacks were taking place.  
 14 **A.** Yes.  
 15 **Q.** If we could please turn to page 23, we see another map  
 16 with officers Graham and Hallam. We can see row 60 at  
 17 5.09 is in the city centre. Actually, it's north of the  
 18 city centre, sorry. That's again near the location  
 19 where Ian Coates was attacked. If we look at row 65,  
 20 a few boxes above, 5.13, they're now north, heading  
 21 north. We can see row 80 at the very top of the page by  
 22 5.20, again, similar location to the others. May also  
 23 be at the base.  
 24 Can you assist us? At the time of those van  
 25 attacks, all three of those ARVs seem to be heading

95

1 **Q.** We can also see next to that the red star, which is the  
 2 scene where Ian Coates was murdered, and we know,  
 3 through CCTV at the time, through sounds that were  
 4 obtained, that that took place at 5.15. So around 5.15,  
 5 PC Speeden and PC Goddard were relatively near the scene  
 6 of those attacks; can you see that?  
 7 **A.** Yes.  
 8 **Q.** Yes. Then we see, if we move up to row 100, so a few  
 9 boxes up, we can see at 5.22, PCs Speeden and Goddard  
 10 are going northwards, and they continue northwards. We  
 11 understand it may have been to the base; is that your  
 12 understanding?  
 13 **A.** Yes.  
 14 **Q.** Yes. If we could turn, please, to page 9, we see more  
 15 firearms officers: PC Yallop and PC Bower. Could we  
 16 please begin by looking on the left-hand side towards  
 17 the bottom, entry box 209, 5.13. We can see, then, if  
 18 we go to the box -- the larger box above, row 215,  
 19 that's 5.14 am, so 5.13 am to 5.14 am, travelling in  
 20 a northwards direction, again heading north near where  
 21 Ian Coates was attacked at 5.15. We can see that red --  
 22 the top red star.  
 23 Can you see that?  
 24 **A.** Yes.  
 25 **Q.** Then, if we look at box 220 on the right-hand side

94

1 north back to base. What do you recall of that and why  
 2 did it happen?  
 3 **A.** I think -- yes, you're right, they were heading north.  
 4 I'm not understanding -- I'm -- I'm unsure as to what  
 5 I would have recorded that.  
 6 **Q.** As the person in charge of the Control Room, were you in  
 7 any way directing them as to where they should be at  
 8 this stage?  
 9 **A.** No, I wasn't.  
 10 **Q.** I mean, your evidence earlier was that when two  
 11 vehicles, two ARVs, were at Ilkeston Road, the third was  
 12 heading towards Ilkeston Road --  
 13 **A.** **(Witness nodded).**  
 14 **Q.** -- and that there was nobody covering the city centre or  
 15 nobody based in the city centre at that time.  
 16 Now we have the actual van attacks taking place in  
 17 the city centre and all three of those vehicles are  
 18 heading north. Why were they heading north?  
 19 **A.** So I've definitely heard some transmissions to say that  
 20 they didn't have any first aid equipment, so part of the  
 21 reason for them going north would be to go and replenish  
 22 first aid equipment. I know that this vehicle were  
 23 heavily -- were more heavily involved in the first aid  
 24 than the others, and were in need of changing their  
 25 uniform because they were contaminated.

96

1 Q. Putting aside these two officers, I've just shown you  
2 three maps.  
3 A. Yes.  
4 Q. So the map can come down. Why was the city centre being  
5 left unprotected at that time? Why did it make any  
6 sense for all three ARVs to be heading north at the time  
7 that we know there were the van attacks?  
8 A. Yes, it doesn't.  
9 Q. Who was coordinating them at that stage?  
10 A. PC Speeden, to a degree, and myself as well. I have to  
11 take responsibility, as you've mentioned.  
12 Q. Yes. If those officers had earlier been granted  
13 firearms authority, do you think it is less likely that  
14 they all would have been heading north at that stage?  
15 A. No.  
16 Q. Do you think it would have made, for example, we saw at  
17 the early stages of your evidence today that policy and  
18 the fact that once authority is given, there's a more  
19 formal process of coordination, do you think that that  
20 more formal process and coordination of the armed  
21 officers may have resulted in those three vehicles not  
22 leaving and going up to the north?  
23 A. It's difficult to say, because it would be based on what  
24 had changed at the time. So if there had been no  
25 information intelligence to suggest where the victims

97

1 A. I just don't think it's possible to speculate on that  
2 where they would have been if that decision had been  
3 made.  
4 Q. Looking at their direction of travel, do you think that  
5 you left the city exposed?  
6 A. I will take some responsibility for that, yes, but what  
7 I would also say is that there are other people within  
8 that command structure, and actually there's six AFOs,  
9 all very competent PCs, one sergeant, three OFCs who are  
10 all commanders and I would expect them also to take  
11 -- you know, them to organise their own deployment as to  
12 where they -- when I say deployment, I mean their  
13 locations.  
14 Q. You're in control of the command room that evening.  
15 Looking back, do you think ultimately it is you that is  
16 responsible for that?  
17 A. Responsible for what, sorry?  
18 Q. For the coordination of those vehicles?  
19 A. I will take ultimate responsibility, yes, because  
20 I was -- as you alluded to, I was the senior officer.  
21 **MR BLAKE:** Chair, I'm going to be move on to an entirely new  
22 topic, so if that might be an appropriate moment.  
23 **THE CHAIR:** All right. Well, we'll stop there and continue  
24 at 1.55.  
25 Thank you.

99

1 were or who they were or where those ARVs should be  
2 deployed to, by this point they may have been heading  
3 north.  
4 Q. But that discussion never took place, did it? The kinds  
5 of discussion that we saw at the very beginning of your  
6 evidence that is set out in that policy, the Armed  
7 Police and Command Protocol, so I can read to you again  
8 the kind of discussion that takes place. It says, for  
9 example:  
10 "It is the responsibility of the officer authorising  
11 the deployment of [the] AFOs ..."  
12 So that would have been you, had you authorised the  
13 deployment:  
14 "... to ensure that an appropriate command structure  
15 is instigated as soon as practicable. Where  
16 appropriate, this officer should remain in command of  
17 the deployment until any transfer of command takes  
18 place."  
19 Now, if that had happened, and if there was a single  
20 command structure with somebody at the top who was  
21 directing the authorised firearms officers, it's highly  
22 unlikely, isn't it, that all three of those vehicles  
23 would have travelled back to base at the same time?  
24 I mean, that would have left the city very exposed,  
25 wouldn't it?
